

Arizona Fish Entry Form

(Use this form or a copy for all Arizona State Records, Statewide or Urban Fish-of-the-Year, or Catch-and-Release entries.)

Yes, the Arizona Game and Fish Department may use my photo for promotional purposes.

Angler's Name: _____

Address: _____

Phone: _____

Species: _____ and/or _____
Common Name Scientific Name

Date Caught: _____

Certified Weight (Rule #1) _____ lbs (for example, 3.18 lbs)

Total Length (Rule #2) _____ inches

Location of Catch (Rule #3): _____

Type of Lure or Bait _____

Species Identified By (Rule #4): _____

Fishing License Number: _____ Verified by (Rule #5): _____

Scale Location: _____

Registered Scale Number: _____

Expiration Date or Certification Date: _____

Witnesses to Weight (except catch-and-release entries):

We, the undersigned, witnessed the weighing of the fish described above and attest to the weight and length as listed (Rule #1, 2, 6).

Printed Name: _____

Signature: _____

Address: _____

Phone: _____

Printed Name: _____

Requirements For Reporting

- Rule #1 Fish must be weighed on a certified fair trade scale in pounds. Scale location, register number and expiration date of scale certification must be recorded on entry form. Fish should be weighed whole and ungutted. The Department reserves the right to cut open any fish after weighing. (Rule #1 not required for catch-and-release entries).
- Rule #2 Length of the fish must be measured by a straight line from the tip of the snout to the tip of the compressed tail in inches.
- Rule #3 Fish must be caught in Arizona waters including the Colorado River where it borders Mexico, California and Nevada, and all of Lake Powell. Fish must be taken during the legal open season and by the legal method of take for the water where taken. Any illegal act associated with taking or handling of the fish will disqualify the record.
- Rule #4 Identification of species must be verified by a member of the Arizona Game and Fish Department. A photograph of the fish is required for the record file and for identification purposes.
- Rule #5 Angler must provide a valid Fishing License number. A photo copy of the current valid license, or verification by a member of the Arizona Game and Fish Department, is required.
- Rule #6 If the weights and measurements are not witnessed by the Department personnel, two witnesses must be present at the time the fish is weighed and measured (except catch-and-release entries).
- Rule #7 The Arizona Game and Fish Department reserves the right to further check identification and/or verification of witnesses and to refuse an application that is questionable.
- Rule #8 Fish taken from private waters that are closed to public access are not eligible for Record or Fish-of-the-Year.
- Rule #9 Eligible fish species for both State record and Fish-of-the-Year entries are those sportfish listed under the current State records. Illegally released fish species from pet and aquarium trades are not eligible for a State record or Fish-of-the-Year.
- Rule #10 In the event of any dispute regarding the authenticity of the fish record application, the fish must be made available for inspection by Arizona Game and Fish Department personnel. The determination made by Department personnel shall be conclusive.

Catch-and-Release Record Program

The *Catch-and-Release State Record Program* requires only an accurate, total-length measurement (no weight) and a photograph. This record program is designed to minimize fish stress and maximize fish survival for those who wish to return fish to the water. It is based on the principle that the less you restrain and handle a fish after capture (live well transport, weight handling, re-release, etc.) the greater the likelihood of survival. Here is a highlight of the rules:

- Catch-and-Release state record fish are recognized by length in inches only (longest measurement from the snout or nose to the tip of the compressed tail).

- Total length of the fish must be measured. A clear photo verifying the species and length must be included with the entry form, include a tape measure, ruler or other measuring device next to the fish in the photograph.
 - All fractions of length will be rounded down to the nearest inch.
 - New catch-and-release record must exceed existing record by at least 1 inch.
- Witnesses to the capture of Catch and Release fish entries are desirable, however, the program is honor-based and witnesses are not mandatory.
