Protect and conserve healthy habitat for fish & wildlife

CLEAN. DRAIN. DRY.
Boats, Trailers, Waders & Gear
STOP INVASIVE SPECIES

Learn to identify invasive species in your area

- Inspect boats, trailers, vehicles, equipment and waders for debris.
- Fish in designated waters and travel on established roads and trails.
- Clean, drain and dry all boats, trailers, waders and equipment before leaving.
- Trash all unused bait.
- Dispose of all material that may have attached to boats, trailers and equipment.

Report findings to a local fish and wildlife agency!
SAVE TODAY. SMOOTH WATER TOMORROW.

Notes:
1. Licenses are valid one year from date of purchase.
2. All licenses that allow fishing are valid for the take of trout and for simultaneous fishing with two poles or lines.
3. These licenses also include privileges that allow fishing from the shore or from a boat on any portion of the Colorado River and impounded waters (e.g., Lake Mead, Lake Mohave, Lake Havasu) that form mutual boundaries between Arizona and California, or Nevada. In other words, privileges granted by the old (pre-2014) Colorado River Stamps for California and for Nevada are now included.
4. A Short-term Combo license may be purchased for any day. Purchaser selects date(s) of validity at time of purchase. If purchased for multiple days, the days need not be consecutive.

License Information

License Requirements
- A valid fishing or combination license is required for resident and non-resident anglers 10 years of age or older fishing any public accessible water in Arizona.
- Youth under the age of 10 and blind residents do not need to purchase a state fishing license to fish in Arizona.
- Licenses are valid one year from date of purchase. No license is transferable or refundable.
- All required licenses must be in possession while engaging in fishing.
- A member or spouse of a member of the armed forces of the United States who is on active duty and stationed in this state for either permanent or temporary duty, or is a member or spouse of a member of the armed forces of the United States on active duty stationed in another state or country but who lists this state as their home of record at the time of applying for a license, permit, tag, or stamp, may purchase a resident license.
- A valid fishing or combination license is required for take of frogs, waterdogs, crayfish and softshell turtles. See Commission Orders 41 (Amphibians), 42 (Crustaceans and Mollusks) and 43 (Reptiles) on open and closed areas, methods of take, seasons, and bag and possession limits. See page 48.

Arizona Fishing Licenses Are Not Required When
- Fishing any public water on free fishing day, which usually takes place on the first Saturday of National Fishing and Boating week. The next two year’s dates for free fishing day are: June 3, 2017 and June 2, 2018.
- Registered and participating in a Department sponsored fishing clinic.
- Fishing private waters, tanks, or ponds with permission of the property owner. (see R12-4-311)

Where to Buy Licenses and Stamps
- 250 license dealers statewide, including many local sporting goods stores, bait and tackle shops, major retailers, and convenience stores.
- Arizona Game and Fish Department offices.
- Online at www.azgfd.gov, immediate print out of license.

Lifetime Licenses
Lifetime license options are available only to Arizona residents and must be purchased at Game and Fish offices. Fee schedules vary by license type and age. For more information, visit www.azgfd.gov and type “lifetime license” in the search box. (Note: Lifetime licenses purchased prior to 2014 will now include the expanded privileges of their respective counterpart.)

Complimentary Licenses
Must meet criteria below to qualify for free license. These licenses include the same privileges as the Combination Hunt and Fish. (A hard-plastic permanent card may be purchased for $4. Cards are mailed within 30 days of purchase.)
- PIONEER Person must be 70 years of age or older who has been a domiciled Arizona resident for 25 or more consecutive years immediately preceding application for the license.
- DISABLED VETERAN A veteran of the armed forces of the United States who has been a domiciled Arizona resident for one year or more immediately preceding application for the license and who is receiving compensation from the United States government for permanent service connected disabilities rated as 100 percent disabling.
Regulation Changes

**Note:** All regulation changes take effect Jan. 1, 2017. Check General and Special regulation sections for changes highlighted as “NEW” or as “REVISED.”

- Reduce the daily bag limits to 2 bass, minimum size 13 inches; and 4 catfish in any combination at **Whitehorse Lake**. [pages 14–15]
- Change the season and daily bag limit from **Glen Canyon Dam to the Paria Riffle** to 2 rainbow trout; artificial fly and lure only; barbless hooks only. [pages 18–19]
- Reduce the daily trout bag limit to 5 at the **Colorado River from Lake Mead to California-Nevada boundary** (including Lake Mohave and Willow Beach). [pages 18–19]
- Close the **Kino Environmental Restoration Project (KERP)** to fishing. Kino Environmental Restoration Project in Tucson (Pima County). [page 24]
- Change the daily trout bag limit to 2, any species combination at **Frye Mesa Reservoir**. [pages 24–25]
- Allow the use of fathead minnows caught on site to be used as bait at **Riggs Flat Lake**. [page 10]
- Create a year-round bow-and-arrow season for catfish at **Apache, Canyon and Saguaro lakes**, with a special regulation daily bag limit of 5 catfish in any combination. [pages 22–23]
- Catch and release regulations for largemouth bass at **Pena Blanca Lake and Dankworth Pond** have expired. [pages 24–25]

**Fish AZ: Your License Dollars at Work**

For more information about everything fishing, visit [www.fishaz.org](http://www.fishaz.org) or [www.azgfd.gov](http://www.azgfd.gov).
How To Use This Booklet

This booklet contains the information you need to legally fish in Arizona. Please consult regulations carefully before fishing. Regulations differ on many bodies of water, so be sure to follow the steps below before you go fishing:

1. Make sure that you have read and are familiar with the information on General Statewide Regulations (pages 6–8) concerning the requirements for licenses, stamps, daily bag and possession limits, gear and bait restrictions, harvest methods and common violations.

2. Review the General Sport Fish Regulations (page 6) for information on daily bag and possession limits for each species that applies to all fishing waters statewide.

3. Consult the statewide map, below, to find your public fishing area of interest. Note: for information about Community Fishing Program waters pick up the 2017 booklet (and 2018 next year).

4. Locate your fishing area of interest in the Special Regulations — Fish: Commission Order 40 (pages 12–25) or Special Regulations by Species (pages 26–31). Now look to see if the body of water you will be fishing is listed, then note any Special Regulations that apply to any fish species such as daily bag limits, length limits, seasons, method of take, bait and hook restrictions, closed areas, or other restrictions. You can also refer to the Special Regulation Waters Index on page 61.

5. If specific references to a body of water, fish species, daily bag limits, length limits, seasons, method of take, or other restrictions are not made in the Special Regulations, then General Statewide Regulations and General Sport Fishing Seasons apply.

It is the angler’s responsibility to know what regulations apply to the body of water they are fishing. New or revised regulations for 2017 are summarized on page 4.
General Statewide Fishing Regulations

Open Statewide, Jan. 1, 2017, through Dec. 31, 2018

Before you fish any body of water, be certain to review the General Statewide Regulations and the Special Regulations for the area you intend to fish. Anglers are responsible for knowing what regulations apply to the body of water they are fishing. See www.azgfd.gov for up-to-date information including any changes.

DAILY BAG LIMITS

The following are the legal fish and general daily bag limits that apply to all fishing waters statewide. These regulations apply statewide unless site specific Special Regulations (pages 12–25) apply to that body of water. Statewide includes all state and federal refuges, parks and monuments; open areas do not include any area closed to hunting, fishing, or trapping under A.R.S. sections 17-303 and 17-304 or Commission rules R12-4-321, R12-4-801, R12-4-802, and R12-4-803.

</tbody>
</table>

STATEWIDE POSSESSION LIMITS

Statewide possession limits are twice (2x) the daily bag limit for each species, unless a different possession limit is specified by water. “Possession limit” means the maximum limit, in number or amount of fish, which may be possessed at one time by any one person.

PROTECTED NATIVE FISH

The following native fish are protected statewide and may not be angled for, taken, possessed, pursued or captured: beautiful shiner, bluehead sucker, bonytail chub, Colorado pikeminnow, desert pupfish, flannelmouth sucker, Gila topminnow, Gila trout (except Frye Mesa Reservoir, Goldwater Lake and West Fork of Oak Creek), humpback chub, Little Colorado sucker, Little Colorado spinedace, loach minnow, Mexican stoneroller, Quitobaquito pupfish, razorback sucker, Sonora chub, spikedace, Virgin spinedace, Virgin roundtail chub, woundfin, Yaqui catfish, Yaqui chub, Yaqui topminnow, and Zuni bluehead sucker.

If any of these protected native fish are incidentally caught, they must be immediately released unharmed. See page 33.
As of 2014, the following stamps are no longer available: trout stamp, two-pole stamp, Colorado River stamp — California, and Colorado River stamp — Nevada. The privileges of all of these stamps are now bundled together and included in the General Fishing license, Youth Combo Hunt/Fish license, Combo Hunt/ Fish license, and Short-term (one day) Combo Hunt/Fish license. The two-pole stamp privilege is also included in the Community Fishing license.

**Colorado River Special Use Privileges**
Privileges of the old Colorado River Stamp — California, and Colorado River Stamp — Nevada are now included in all General Fishing and Combo Hunt/Fish (youth, adult and short-term) licenses. These privileges allow anglers to fish from a boat on any waters that form the mutual boundaries between Arizona and California, or Nevada; or when fishing from the California, or Nevada, shorelines of these waters. In addition to large stretches of the Colorado River, these fishing privileges include impoundments (e.g., Lake Mead, Lake Mohave, Lake Havasu), and associated backwaters (e.g., Martinez Lake, Mitrty Lake).

**Utah Lake Powell Stamp**
A Utah Lake Powell stamp validates an Arizona resident fishing or combo hunt/fish licensee to fish in the Utah portions of Lake Powell. The $8 Utah Lake Powell stamp is available only from Utah license dealers. Note: Arizona no longer offers or requires the $3 AZ Lake Powell stamp for Utah licensed anglers fishing the Arizona portion of Lake Powell.

**Lost Your License?**
If you lose or damage your license, you can get a replacement at any license dealer, Department office or online. You will be required to complete an “Affidavit for Duplicate License” form and pay a $4 replacement fee. You will be issued a duplicate license of the same type.

---

**STATEWIDE FISHING REGULATIONS**

This synopsis of fishing regulations is prepared for convenience only. The regulations are valid for 2017 and 2018. For specific laws and regulations relating to fishing, see Arizona Revised Statute, Title 17 Laws, and Arizona Game and Fish Commission Rules, which can be found at www.azgfd.gov.

**Hook and Line Methods**
- All new fishing and combo licenses allow the angler to fish with two poles or lines simultaneously. In no case are more than two lines allowed to be used at the same time.
- “Angling” means the taking of fish by one line and not to exceed two hooks, by one line and one artificial lure, which may have attached more than one hook, or by one line and not to exceed two artificial flies or lures.
- Fishing lines must be constantly attended and in immediate control.
- The hook, fly or lure must be used in such a manner that the fish voluntarily attempts to take it in its mouth.
- For artificial fly and lure waters, check the Special Regulations to determine if hooks must also be single barbless hook only.
- A single barbless hook is a fish hook with a single point, manufactured without barbs on or which barbs have been completely closed or removed. This does not include a treble hook. Regulations limiting tackle to single barbless hooks do not eliminate the angler’s option for simultaneous fishing as defined. Anglers may use a single line with no more than two single hooks, as with a primary hook and a dropper hook or fly.

**Other Fishing Methods**
- Bow and arrow, crossbow, snare, gig, spear or spear gun, or snagging are valid methods for taking carp, buffalofish, mullet, tilapia, goldfish, and shad statewide unless a closure or Special Regulation restricts it.
- Bow and arrow fishing for catfish (5 catfish daily bag limit, any combination) is valid at Apache Lake, Canyon Lake and Saguaro Lake.
- Spear and spear gun fishing for striped bass is valid at Lake Powell, Lake Mead, Lake Mohave (between Hoover Dam and Cottonwood Landing) and Lake Pleasant. Daily bag limits vary between locations. See Special Regulations for more details.
- See R12-4-313D for other legal methods of taking aquatic wildlife (bow and arrow, spear or spear gun, snagging, nets, traps, etc.) for specific fish species.

**Capturing Baitfish and Crayfish for Bait**
- Live baitfish may be used only in areas approved for certain species (see page 10-11).
- Live bait may be taken by minnow trap, dip net, cast net, pole and line, handline, crayfish net or seine.
- Cast nets shall not exceed 4-foot radius (or an 8-foot diameter).
- Seine nets shall not exceed 10 feet in length and 4 feet in width.
- Landing nets or dip nets may be used for the capture of legal baitfish or crayfish or only to land a legally hooked fish.
- Any unattended traps or devices used to catch or hold aquatic wildlife or fish must have attached water resistant identification legibly bearing the name, address, and fishing license number of the person using the device.

**Daily Bag and Possession Limit**
- The daily bag limit is the maximum number of fish that may be legally caught and reduced to possession in one day. Once you catch a fish and do not release it, it now counts toward your daily bag limit. This includes any fish you catch and give away to someone else. Daily bag limits are for 24-hour periods (midnight to midnight).
- Possession limits are twice the daily bag limits unless otherwise noted (including waters listed under the Special Regulations).
- No person shall have in their possession (in the field, in camp, in transit, or at permanent residence) more than two daily bag limits of any fish species. Fish are in an angler’s possession whether on hand, in cold storage, in transport, at home, or elsewhere under their ownership.
- An angler may take daily bag limits of several types of fish per day. Daily bag limits apply to all Arizona waters fished that...
day. An angler who has taken and kept a bag limit of fish may not continue to fish for the same species that day. Additionally, an angler who has taken and kept a possession limit of fish (twice the daily bag limit) may not continue to fish on subsequent days, unless the angler has first consumed or given away all or a portion of the possession limit.

- Where only catch-and-release fishing is allowed, fish must immediately be returned unharmed to the water after being caught.
- Unlicensed children under the age of 10 and unlicensed blind residents may take their own separate daily bag limits as established for each species. They also are entitled to the use of two poles.

**Closures to Fishing**

Sensitive areas may be permanently closed to fishing. Some areas (streams) being actively restored for native trout recovery efforts may be temporarily closed to fishing.

**Length Limits**

Most fishing waters in Arizona do not have length limits. Check the Special Regulation waters (including Designated Community Fishing Program waters) to determine if length limits apply to species found in the water you wish to fish. A minimum length means that a fish shorter than a designated length must be returned to the water unharmed immediately after being caught.

**How to Measure the Length of a Fish**

1. Total length is the standard.

2. Place the fish flat on its side with the jaw closed.

3. Squeeze the tail fin lobes together to produce the maximum total length.

4. Measure in a straight line from the tip of the snout to the extreme tip of the tail.

5. Where length limits apply, you must release unharmed all fish not measuring within the legal length limit.

**Transport and Storage of Fish**

- Anglers may transport up to a possession limit of any fish species.
- It is illegal to transport live fish, including in live wells or other containers. All fish must be killed or released before transportation from the body of water. This does not apply to some live baitfish that are transported from licensed bait dealers. See page 10 for Live Baitfish — Legal Species, Legal Areas and Regulations.

**Fish or Take Aquatic Wildlife Without a License or With the Wrong License**

In order to fish or take any aquatic wildlife in Arizona, you must have a valid fishing license, as applicable, in your possession if you are 10 years of age or older. You should check your license every time that you go fishing. A Community fishing license is not valid at state waters. Community Fishing Program guidebooks are available at all Game and Fish offices, license dealers or online at www.azgfd.gov. (A.R.S. 17-331)

**Fishing with an Unattended Line**

Anytime you are fishing your line must be constantly attended and within your immediate control. Before you leave the area, even for a short while, your line must be reeled in and removed from the water. (A.R.S. 17-301C)
Exceed Daily Bag and/or Possession Limit

Fish may only be taken as prescribed by Commission Order for daily bag and/or possession limit. Please consult Commission Orders for specifics. After you have caught and kept your daily bag limit, it is illegal to continue to:

- Fish for that same species of fish and practice catch-and-release;
- Fish for that same species of fish with the intent of replacing any fish in your bag with a “better fish” — this is also known as culling;
- Fish for that same species of fish with the intent of “helping” another angler get his/her daily bag limit; or
- Fish for a species of fish if you already have the possession limit (twice the daily bag limit) for that species (e.g., in an ice chest at camp, or at home in your freezer). (A.R.S. 17-309A14 and 15)

Possess Unlawfully Taken Aquatic Wildlife

Any aquatic wildlife that is unlawfully taken may not be legally possessed. Whether or not you were involved in the illegal taking of wildlife or fish, you cannot legally possess such parts thereof. (A.R.S. 17-309A16)

Obtain License or Permit by Fraud

Only persons who have been a domiciled resident (A.R.S. 17-101A17) of Arizona for the six months immediately preceding the date of application, or members or spouse of a member of the armed forces of the United States who are on active duty and stationed in this state for either permanent or temporary duty may obtain resident fishing licenses and permits. If the residency of the applicant is in question, the following factors will be considered: Does not claim residency for any purpose in any other state or jurisdiction; has been issued an Arizona driver’s license or an Arizona commercial driver’s license; is employed full-time in Arizona; files federal and/or state income taxes as an Arizona resident; votes in Arizona; is enrolled in, or has minor children enrolled in an Arizona public school without payment of non-resident tuition.

Unlawful Possession, Transportation or Release of Live Fish

Except for designated baitfish, it is illegal for a person to transport live fish away from the waters where caught. It is also illegal to release live fish into a body of water if they did not come from that body of water or without a proper stocking permit. (A.R.S. 17-306 and 17-309A 1, R12-4-315 and R12-4-316)

Littering While Taking Aquatic Wildlife

All anglers are responsible for cleaning up after themselves. All camp and shoreline areas should be left clean. Bait containers, wrappers, hooks, line and associated debris constitute litter and should be picked up, packed out, and properly disposed of. Also, all anglers are responsible for the proper care and disposal of their fish carcasses. Shorelines and waterways must be kept as clean as they were found. (A.R.S. 17-309A9)

Unlawful Possession or Transportation of Live Crayfish

Except for Yuma County and a portion of La Paz County or under a live wildlife license authority, it is unlawful for a person to import, transport or possess live crayfish other than on or at the body of water where caught. (A.R.S. 17-309A1, R12-4-316)

Other Violations

- Refuse to produce a license or fish for inspection upon request of an enforcement officer.
- Snag or attempt to snag fish except as allowed by R12-4-313.
- Attempt to take fish by hand, with or without a hook.
- Use a landing net to capture fish, except to land a legally-hooked fish. Dip or seine nets are only legal for the capture of baitfish.
- Waste game fish by intentionally leaving or abandoning any fillets or commonly edible portion of any fish.
- Offer any recreationally caught fish or aquatic wildlife for sale or barter, except as authorized by R12-4-305.P.
- Use electrical devices, explosives, firearms, drugs, chemicals or poison that may kill or injure fish and aquatic wildlife.
- Use or possess live bait in areas or on waters where fishing is restricted to the use of artificial flies and lures only, or where the use of live baitfish is restricted. (page 10-11).

It is every angler’s responsibility to protect our fishing heritage. You can help ensure responsible and ethical fishing by reporting violations immediately to our Operation Game Thief hotline 1-800-352-0700.

Illegal Fish Stocking – It’s Stealing Your Angling Future!

It is illegal to stock fish or aquatic wildlife including crayfish, frogs, waterdogs and turtles. Illegal fish stocking, and everything else moved along with them, plants, mussels, viruses, harmful algae, etc., threaten the quality of our fishing waters. These introductions jeopardize the productivity and possibly the existence of your fisheries – in effect stealing your future! If you observe or know of someone stocking Arizona waters, report it to Operation Game Thief at 1 (800) 352-0700. Information leading to an arrest may be rewarded up to $1,000. Anyone found guilty of illegally stocking fish or aquatic wildlife may be subject to revocation of hunting and fishing privileges and civil assessments to remedy the impacts of their illegal acts – possibly costing hundreds of thousands of dollars.
# Live Baitfish – Legal Species, Legal Areas and Regulations

Live baitfish that are legal for use in Arizona include only those species identified on these two pages. No other fish species may be used as live bait.

Live baitfish may be obtained and used only in the **legal areas** identified below.

No live baitfish may be used or possessed while on any waters in Coconino, Apache, Navajo, Pima and Cochise counties. All other counties have specific baitfish regulations by body of water or area.

Please dispose of all unwanted baitfish by burying them on land far from the water.

## Live Baitfish — Legal Species, Legal Areas and Regulations

**Legal Areas Allowed**

**Fathead minnows, threadfin shad and mosquitofish** are permitted on all waters of the counties of La Paz, Maricopa Pinal and Yuma. These baitfish may be used in all waters of Mohave county except the Virgin River. No waters of any other counties are open except: 1) the mainstream portions of the Gila and Salt rivers, and that portion of the Verde River below the Tuzigoot Bridge, including impounded reservoirs, 2) Tonto Creek from Gisela downstream, 3) those portions of Apache, Roosevelt, Pleasant and Horseshoe lakes lying outside of these counties, and 4) that portion of the San Francisco River in Greenlee County. **Notes:** Live baitfish may not be transported to the Verde River upstream form Horseshoe Dam and the Salt River above the Roosevelt Diversion Dam in Gila County. Threadfin shad are permitted for use if caught and used on site at Patagonia Lake in Santa Cruz County. Fathead Minnows are permitted for use as live bait only when caught and used on site at Riggs Flat Lake in Graham County.

**Legal Areas Allowed**

**Golden shiner and goldfish** are permitted on all waters of the counties of La Paz and Yuma. No waters of any other counties are open except: 1) Lake Mead, and 2) the Colorado River downstream from Hoover Dam to the Southern International Boundary with Mexico, including impounded reservoirs, and 3) Alamo Lake.

**Legal Areas Allowing the Use of Live Baitfish**

Arizona Live Baitfish License Dealers may offer for sale any of the following: fathead minnows (most common), threadfin shad, mosquitofish, golden shiner and goldfish. Any legal baitfish obtained from a licensed baitfish dealer may be transported for use only to the following legal areas.

These five baitfish species may also be **collected and used alive onsite only** in the identified legal areas. It is illegal to transport any of these live baitfish from these waters.

**Legal Areas Allowing the Use of Live Baitfish**

**Fathead minnow** (most commonly used)

**Threadfin shad**

**Mosquitofish**

**Golden Shiner**

**Goldfish**

## Waterdogs

Waterdogs are NOT considered baitfish, however they have specific regulations governing their use in Arizona. For regulations on live waterdog legal areas, capture, possession, and transportation see R12-4-313.C.4 and R12-4-316.A & C.

No live waterdogs or salamanders may be taken, used or possessed in that portion of Santa Cruz County lying east and south of State Highway 82, or that portion of Cochise County lying west of the San Pedro River and south of State Highway 82 (this includes Parker Canyon Lake).

Legal live baitfish can be obtained from licensed bait dealers and from wild capture for personal use only. For regulations on legal capture methods, possession and transport of live baitfish, see:

- Capturing baitfish and crayfish for bait (page 7 of this book)
- lawful methods R12-4-313.A thru E
- Possession of live fish R12-4-315.A & B
- Possession and transportation of live baitfish R12-4-316.A & B
- Seasons for lawfully taking fish R12-4-317.A thru C
The following live baitfish may be collected and used onsite only in the identified legal areas. It is illegal to transport any of these live baitfish to or from these waters.

### Legal Areas Allowed

**Sunfishes**
- **Legal Areas Allowed**
  - **Sunfishes** are permitted on all waters of the counties of La Paz and Yuma. No waters of any other counties are open except: 1) the Colorado River south of the Nevada-California boundary downstream to the Southern International Boundary with Mexico, including impounded reservoirs, 2) the Gila, Salt, and Verde rivers, including impounded reservoirs, 3) community waters in Maricopa County, 4) Lake Pleasant, 5) Alamo Lake, and 6) Patagonia Lake. **Notes:** Live baitfish may not be transported to the Verde River upstream from Horseshoe Dam and the Salt River above the Roosevelt Diversion Dam in Gila County.

**Tilapia**
- **Legal Areas Allowed**
  - **Tilapia** are permitted on all waters of Yuma County. No waters of any other counties are open except: 1) the Colorado River south of the Nevada-California boundary downstream to the Southern International Boundary with Mexico, including impounded reservoirs, 2) the Gila, Salt, and Verde rivers, including impounded reservoirs, 3) community waters in Maricopa County, 4) Lake Pleasant, 5) Alamo Lake, and 6) Patagonia Lake. **Notes:** Live baitfish may not be transported to the Verde River upstream from Horseshoe Dam and the Salt River above the Roosevelt Diversion Dam in Gila County.

**Carp and Goldfish**
- **Legal Areas Allowed**
  - **Carp and Goldfish** are permitted on all waters of the counties of La Paz and Yuma. No waters of any other counties are open except: 1) Lake Mead, 2) the Colorado River downstream from Hoover Dam to the Southern International Boundary with Mexico, including impounded reservoirs, 3) the Gila, Salt, and Verde rivers, including impounded reservoirs, 4) community waters in Maricopa County, 5) Lake Pleasant, and 6) Alamo Lake. **Notes:** Live baitfish may not be transported to the Verde River upstream from Horseshoe Dam and the Salt River above the Roosevelt Diversion Dam in Gila County.

**Gizzard shad**
- **Legal Areas Allowed**
  - **Gizzard shad** are permitted for use as live bait only from the following areas: 1) the Colorado River south of Separation Canyon downstream to the Southern International boundary with Mexico, including impounded reservoirs (e.g., Lake Mead, Lake Mohave and Lake Havasu) and directly connected backwaters (e.g., Topock Marsh and Mittry Lake), 2) the Gila and Salt Rivers, including impounded reservoirs (e.g., Roosevelt Lake and Apache Lake), 3) community waters in Maricopa County, and 4) Lake Pleasant.

**Red shiner**
- **Legal Areas Allowed**
  - **Red shiner** are permitted on all waters of the counties of La Paz, Maricopa, Pinal and Yuma. These baitfish may be used in all waters of Mohave County except the Virgin River. No waters of any other counties are open except: 1) the mainstream portions of the Gila and Salt rivers, and that portion of the Verde River below the Tuzigoot Bridge, including impounded reservoirs, 2) Tonto Creek from Gisela downstream, 3) those portions of Apache, Roosevelt, Pleasant and Horseshoe Lakes lying outside of these counties, and 4) that portion of the San Francisco River in Greenlee County.
Special Regulations and Seasons — Fish: Commission Order 40

White Mountains

Special Regulations include fishing seasons, daily bag and possession limits, length limits, bait and hook restrictions, legal methods, and waters and areas closed to fishing.

Notes:

1. General Statewide Regulations apply to all waters and fish species within the White Mountains area except as listed below.
2. For each water listed, the possession limit is two times the daily bag limit, unless a different possession limit is specified.

Ackre Lake Catch-and-release only for trout. Trout must be immediately released unharmed; no trout may be kept; artificial fly and lure only; single barbless hooks only.

Becker Lake Catch-and-release only for trout. Trout must be immediately released unharmed; no trout may be kept; artificial fly and lure only; single barbless hooks only.

Burro Creek Catch-and-release only for trout. Trout must be immediately released unharmed; no trout may be kept; artificial fly and lure only; single barbless hooks only.

Carrero Lake The limit is 2 trout; artificial fly and lure only.

Coyote Creek Catch-and-release only for trout. Trout must be immediately released unharmed; no trout may be kept; artificial fly and lure only; single barbless hooks only.

Lee Valley Lake The limit is 2 trout (includes any combination of trout and grayling); artificial fly and lure only.

Mamie Creek Catch-and-release only for trout. Trout must be immediately released unharmed; no trout may be kept; artificial fly and lure only; single barbless hooks only.

Nelson Reservoir Unlimited rainbow and brown trout from Sept. 1 through March 31. Note: from April 1 through Aug. 31 the limit is 6 trout.

Nutrioso Creek From its confluence with the Little Colorado River upstream to Highway 180 in the city of Nutrioso including Nelson Reservoir. Unlimited rainbow and brown trout from Sept. 1 through March 31. Note: from April 1 through Aug. 31 the limit is 6 trout.

Patterson Ponds The Community Fishing Program pond limit is 2 trout; 2 catfish; 1 bass, minimum size 13 inches; 5 sunfish.

Silver Creek In Navajo County within the boundaries of the Arizona Game and Fish Commission-owned property, excluding the upper portion designated as state fish hatchery. Catch-and-release only for trout from Oct. 1 through March 31. Trout must be immediately released unharmed; no trout may be kept; artificial fly and lure only; single barbless hooks only. Note: from April 1 through Sept. 30 bait and barbed hooks may also be used, and the limit is 6 trout.

Thompson Creek Catch-and-release only for trout. Trout must be immediately released unharmed; no trout may be kept; artificial fly and lure only; single barbless hooks only.

East Fork of the Little Colorado River above Colter Dam: in Apache County-Catch and release only for trout; trout must be immediately released unharmed; no trout may be kept; artificial fly and lure only; single barbless hooks only.

West Fork of the Black River From the confluence of Hayground Creek upstream to the Fort Apache Indian Reservation including tributaries. Catch-and-release only for trout. Trout must be immediately released unharmed; no trout may be kept; artificial fly and lure only; single barbless hooks only.

Woodland Lake The limit is 4 trout.

Waters and Areas Closed to Fishing

- Region I headquarters in Pinetop Posted boundary.
- State or federal hatcheries Posted boundaries.

Native Trout Recovery Closures

- Bear Wallow Creek In Greenlee County
- Conklin Creek In Greenlee County
- Fish Creek Includes tributaries Double Cienega and Corduroy creeks in Greenlee County (excludes Ackre Lake).
- Hayground Creek In Apache County
- Lee Valley Creek Above Lee Valley Lake.
- Mineral Creek In Apache County, upstream of the Apache-Sitgreaves National Forests boundary.
- Raspberry Creek In Greenlee County
- Soldier Creek In Apache County
- South Fork Little Colorado River In Apache County
- Stinky Creek In Apache County
- West Fork of the Black River From the upper Apache trout barrier ¼ mile below Forest Service Road 116, downstream for .3 miles to a point 100 yards below the next Apache trout barrier in Apache County.

NOTE: Other seasonal closures may be in effect within some areas due to bald eagle breeding closures and/or Wildlife Area closures. See page 46 for information on Crescent Lake, Greer Lakes (Tunnel and River), Luna Lake and Show Low Lake.

Live Baitfish Regulations

No live baitfish may be used or in possession on any waters in this fishing area in Navajo or Apache Counties, no exceptions. See pages 10–11.

Carp may be taken by spearfishing and bow and arrow during daylight hours. Striped bass may also be taken by spearfishing during daylight hours.

**Topock Marsh** The limit is 6 bass, minimum size 13 inches; the limit is 25 crappie.

**Virgin River** Unlimited bass; unlimited catfish.

**Waters and Areas Closed to Fishing**

- **Colorado River** (those portions listed below)
- **Topock Marsh**
- **Lake Mead**
- **Little Colorado River**
- **State or federal hatcheries**

**Live Baitfish Regulations**

No live baitfish may be used or in possession on any waters in Coconino County, no exceptions. For waters in other counties within this fishing area, see pages 10–11.

**Watercraft and Motor Restrictions**

The use of watercraft and motors may be restricted on some waters in this fishing area. For more information, please refer to page 39.

**Colorado River Special Use Privilege**

Starting in 2014, the Colorado River Stamp — California, and Colorado River Stamp — Nevada will no longer be available. The privileges of these stamps are now bundled together and included in the Arizona General Fishing license and Combo Hunt/Fish licenses (youth, adult and short-term). These licensees may fish from a boat on any waters that form the mutual boundaries between Arizona and California, or Nevada; or when fishing from the California, or Nevada, shorelines of these waters. (see pages 7 and 52)

**Utah Lake Powell Stamp**

A Utah Lake Powell stamp validates an Arizona resident fishing or combo hunt and fish licensee to fish in the Utah portions of Lake Powell. The $8 Utah Lake Powell stamp is available only from Utah license dealers. Note: Arizona no longer offers or requires the $3 AZ Lake Powell stamp for Utah licensed anglers fishing the Arizona portion of Lake Powell.

No live baitfish may be used or in possession on any waters in Pima or Cochise Counties, no exceptions. For waters in other counties within this fishing area, see pages 10–11.

Waterdog Prohibitions
No live waterdogs or salamanders may be taken, used or possessed in that portion of Santa Cruz County lying east and south of State Highway 82, or that portion of Cochise County lying west of the San Pedro River and south of State Highway 82 (this includes Parker Canyon Lake). See R12-4-313.C.4 and R12-4-316.A & C.

Watercraft and Motor Restrictions
The use of watercraft and motors are restricted on the following waters in this fishing area:

Single electric motor only: Cluff Ranch Ponds, Dankworth Lake, Riggs Flat Lake, Roper Lake

10 horsepower or less: Arivaca Lake, Parker Canyon Lake, Pena Blanca Lake

No watercraft allowed on: Frye Mesa Reservoir, Rose Canyon Lake

For more information and a complete listing, please refer to page 39.
Special Regulations and Seasons by Species

The following bodies of water identified under Special Regulations and Seasons (pages 12–25) have special fishing seasons (R12-4-317), daily bag and possession limits, length limits or closures that differ from General Statewide Regulations (pages 6–9) or Statewide Daily Bag and Possession Limits (page 6). Only exceptions to General Statewide Regulations and General Sport Fishing Seasons are shown for each area.

**TROUT**

**CATCH AND RELEASE artificial flies and lures only, single barbless hooks:**
- Ackre Lake
- Becker Lake
- Burro Creek
- Canyon Creek-OW Bridge to the Fort Apache Reservation Boundary
- Coyote Creek
- Elk Tank
- East Verde River-origin to the pumphouse
- Frye Creek
- Grant Creek – Pinaleno Mountains
- Horton Creek
- JD Dam
- Mamie Creek
- Middle Tank
- Oak Creek-West Fork and portion of Oak between Junipine Crossing and Call of the Canyon crossing.
- Perkins Tank
- Silver Creek—Oct. 1 through March 31
- Thompson Creek
- East Fork, Little Colorado River-above Colter Dam
- West Fork Black River-Hayground Creek to Fort Apache Reservation Boundary

**2 TROUT LIMIT artificial flies and lures only:**
- Lees Ferry
- Carnero Lake
- Chevelon Creek, from the Confluence with Willow Springs Creek to Chevelon Crossing
- Chevelon Canyon Lake
- Lee Valley Lake

**4 TROUT LIMIT:**
- Alvord
- Canyon Creek-source to the OW Bridge
- Chaparral
- Copper Sky
- Cortez
- Deadhorse Ranch State Park Lagoons
- Desert West
- Desert Breeze
- Encanto
- Francis Short Pond
- Fortuna
- Green Valley
- Kennedy
- Kiwanis
- Lakeside
- Pioneer
- Redondo
- Red Mountain
- Riverview
- Silverbell
- Sahuarita
- Surprise
- Tempe Town Lake
- Veterans Oasis
- Woodland Lake

**5 TROUT LIMIT:**
- Colorado River-Separation Canyon to the California/Nevada Boundary, including Lake Mead and Lake Mohave.

**10 TROUT LIMIT:**
- Colorado River-California/Nevada Boundary to the International Boundary.

**UNLIMITED TROUT REGULATIONS:**
- Colorado River-Navajo Bridge to Separation Canyon

**SEASONAL UNLIMITED TROUT REGULATIONS SEPT 1 – MARCH 31 ANNUALLY:**
- Chevelon Creek-Chevelon Crossing to the confluence with the Little Colorado River
- East Clear Creek
- Knoll Lake
- Nelson Reservoir
- Nutrioso Creek
- Roadrunner Park
- Temple Town Lake
- Veterans Oasis
- Woodland Lake

For information about the Arizona Trout Challenge, see page 35.

**Where to Fish for Wild and Hatchery Native Trout**

**APACHE TROUT**
- West Fork of the Little Colorado River
- West Fork of the Black River
- East Fork of the Little Colorado River above Coulter Dam

**ADDITIONAL WATERS FOR HATCHERY APACHE TROUT**
- Ackre Lake
- East Fork of the Black River
- Lee Valley Lake
- LCR near Greer
- Silver Creek

**GILA TROUT**
- Frye Creek (wild fish)
- Frye Mesa Reservoir (hatchery fish)
- Goldwater Lake (hatchery fish)
- West Fork of Oak Creek (hatchery fish)
**Trout Family** *(includes all species of trout, brook trout, and grayling)*

### Rainbow Trout
Description: Olive to bluish on the back, silvery sides, a pink band on the sides from head to tail. Many small black spots on back, sides, adipose and dorsal fin. Distinct radiating rows of black spots on tail fin. Generally, no spots on pectoral, pelvic and anal fins. Length: up to 28 inches. Weight: up to 15 pounds.

![Rainbow Trout](image)

### Cutthroat Trout
Description: Body shape similar to rainbow trout. Back and sides are lightly spotted; Dorsal, adipose and tail fins are heavily spotted. Red or reddish-orange slash on throat. Length: up to 20 inches. Weight: up to 6 pounds.

![Cutthroat Trout](image)

### Brown Trout
Description: Olive-brown with yellowish sides. Some orange or red spots on the sides, spots often encircled with light yellow or white. Dark spots on back and sides. Tail fin usually unsotted or vaguely spotted. Adipose fin usually orange or reddish. Length: up to 30 inches. Weight: up to 20 pounds.

![Brown Trout](image)

### Brook Trout
Description: Gray to olive-green on the back. Vermiculations or worm-like markings on the back and dorsal fin. Sides lighter in color with blue halos around pink or red spots. White edge on lower fins and lower tail. Length: up to 18 inches. Weight: up to 4 pounds.

![Brook Trout](image)

### Grayling
Description: The dorsal fin is large, dark-gray, blotched with pale spots, with cross-rows of deep blue spots and edged with red or orange. The dorsal fin has 17 to 25 rays. The tail fin is forked. The body has scattered black spots on silver-gray, sometimes pink sides. Scales larger than for trout. Length: up to 14 inches. Weight: up to 1.5 pound.

![Grayling](image)

### Tiger Trout
Description: Tiger Trout is a sterile hybrid that is the result of crossing a female brown trout with a male brook trout. Hybridization can occur naturally, however it is very rare. Stocked tiger trout are produced in a hatchery. Coloring, markings, and tail shape can vary but generally is a dark maze-like pattern all over a brownish, gray, or silver body. The belly varies from white to yellowish orange as does the pectoral, pelvic and anal fins. These fins also have white leading edges. The tail fin is square to slightly forked. Length: up to 25 inches. Weight: up to 5 pounds (up to 32 pounds in other states).

![Tiger Trout](image)

### Native Trout

#### Apache Trout
Description: The Apache is one of Arizona’s two native trout species and is the Arizona state fish. Body color is yellowish-gold at the top of the head and the back is a dark olive. Dorsal, anal and pelvic fins are white tipped with dark, bold spots on dorsal and tail fin. Spotting on the body is sparse and irregular and may extend below the lateral line. Two small black spots on either side of pupil give appearance of black stripe through eye. Length: up to 20 inches. Weight: up to 5 pounds.

![Apache Trout](image)

#### Gila Trout
Description: Gila trout have iridescent gold sides that blend to a darker shade of copper on the Opercles. Spots on the body of this trout are small and profuse, generally occurring above the lateral line and extending onto the head, dorsal fin and caudal fin. Dorsal, pelvic and anal fins have a white to yellowish tip that may extend along the leading edge of the pelvic fins. Parr marks are commonly retained by adults, although they may be faint or absent. Length: up to 20 inches. Weight: up to 5 pounds.

![Gila Trout](image)
The following bodies of water identified under Special Regulations and Seasons (pages 12–25) have special fishing seasons (R12-4-317), daily bag and possession limits, length limits or closures that differ from General Statewide Regulations (pages 6–9) or Statewide Daily Bag and Possession Limits (page 6). Only exceptions to General Statewide Regulations and General Sport Fishing Seasons are shown for each area.

**BASS (LARGEMOUTH AND SMALLMOUTH)**

**CATCH AND RELEASE ONLY:**
- Crystal Gardens Water Treatment Facility (City of Avondale)
- The Pond at Town Hall (town of Gilbert)
- Water Ranch Lake
- Arivaca Lake

**UNLIMITED – NO BAG FOR EITHER LARGE-MOUTH OR SMALLMOUTH BASS:**
- Beaver Creek (Wet and Dry)
- East Verde River
- Verde River and tributaries
- West Clear Creek
- Bear Canyon Lake
- Black Canyon Lake
- Chevelon Canyon Lake
- CC Cragin Reservoir (Blue Ridge)
- Knoll Lake
- Oak Creek
- Virgin River
- Long Tom Lake
- Willow Springs Lake
- Woods Canyon Lake
- Colorado River-Glen Canyon Dam to Separation Canyon
- Horseshoe Lake
- upper Salt River (Roosevelt Dam upstream to the Reservation Boundary)

**1 BASS LIMIT, MINIMUM SIZE 13 INCHES:**
- Goldwater Lake
- Friendship Pond
- Council Avenue Pond
- Discovery Pond
- Freestone Ponds
- McQueen Pond
- Bonsall Pond
- Rio Vista
- Papago Ponds
- Roadrunner Pond
- Steele Indian School
- El Dorado Pond
- Evelyn Hallman Pond
- Pacana Park Pond
- Dave White Regional Park Pond
- West Wetland Pond
- Patterson Ponds (St. Johns)

**2 BASS LIMIT:**
- Deadhorse State Park Lagoons

**2 BASS LIMIT, MINIMUM SIZE 13 INCHES:**
- Alvard
- Cataract Lake
- City Reservoir
- Dogtown Lake
- Francis Short Pond
- Kaibab Lake
- Santa Fe
- Stone Dam
- Tempe Town Lake
- Growler Pond
- Chaparral
- Quigley Pond
- Copper Sky
- Cortez
- Desert West
- Desert Breeze
- Encanto
- Fortuna
- Green Valley
- Kennedy
- Kiwanis
- Lakeside
- Pioneer
- Redondo
- Red Mountain
- Riverview
- Silverbell
- Sahuarita
- Surprise
- Veterans Oasis
- Whitehorse Lake

**4 BASS LIMIT, MINIMUM SIZE 13 INCHES:**
- Maricopa Lake
- Pena Blanca Lake

**6 BASS LIMIT, MINIMUM SIZE 13 INCHES:**
- Topock Marsh
- Colorado River-Davis Dam to the International Boundary

**20 SMALLMOUTH BASS, 5 LARGEMOUTH BASS LIMIT:**
- Lake Powell
Bass Family

Largemouth Bass

Smallmouth Bass
Description: Smallmouth bass most often are bronze to brownish green in color, with dark vertical bars on sides. In contrast to the largemouth bass, the upper jaw does not extend beyond rear margin of eye. Eye reddish in color. Shallow notch in dorsal fin. Soft dorsal fin has 13 to 15 rays. Length: up to 20 inches. Weight: up to 6 pounds.

Temperate Bass Family

Striped Bass
Description: Body has six to nine black horizontal stripes on silvery-white sides. Dorsal fins are distinctly separate, unlike yellow bass, which are joined at the base. Pelvic fins in large adults, white with anal fin edged in white. Lower jaw protrudes beyond upper jaw. Generally two patches of teeth on tongue. 2nd anal spine distinctly shorter than the 3rd. Tail is slightly forked. Length: up to 50 inches. Weight: up to 60 pounds.

White Bass
Description: Body silver-white, 4 to 7 dark horizontal lines; Lines below lateral line often faint and broken. Dorsal fins are distinctly separate, unlike the yellow bass, which are joined at the base. 2nd anal spine distinctly shorter than the 3rd. Lower jaw protrudes beyond upper jaw; Generally a single patch of teeth at base of tongue. Length: up to 18 inches. Weight: up to 4 pounds.

Yellow Bass
Description: Body has golden-yellow sides with 5 to 7 horizontal lines; Lines appear broken and offset about midway on the lower side. Dorsal fins are connected. 2nd anal spine is about as long as the 3rd anal spine. No patches of teeth on tongue. Length: up to 13 inches. Weight: up to 1.5 pounds.
The following bodies of water identified under Special Regulations and Seasons (pages 12–25) have special fishing seasons (R12-4-317), daily bag and possession limits, length limits or closures that differ from General Statewide Regulations (pages 6–9) or Statewide Daily Bag and Possession Limits (page 6). Only exceptions to General Statewide Regulations and General Sport Fishing Seasons are shown for each area.

**CATFISH**

**FLATHEAD AND CHANNEL CATCH AND RELEASE ONLY:**
- Crystal Gardens Water Treatment Facility (City of Avondale)
- The Pond at Town Hall (town of Gilbert)

**UNLIMITED-NO BAG FOR EITHER FLATHEAD OR CHANNEL:**
- Beaver Creek (Wet and Dry)
- Bear Canyon Lake
- Black Canyon Lake
- CC Cragin Reservoir (Blue Ridge)
- Chevelon Canyon Lake
- Colorado River-Glen Canyon Dam to Separation Canyon
- East Verde River
- Horseshoe Lake
- Knoll Lake
- Long Tom Lake
- Oak Creek
- Upper Salt River (Roosevelt Diversion Dam upstream to the Reservation Boundary)

**UNLIMITED-NO BAG FOR EITHER FLATHEAD OR CHANNEL continued:**
- Verde River and tributaries
- Virgin River
- West Clear Creek
- Willow Springs Lake
- Woods Canyon Lake

**2 CATFISH LIMIT:**
- Bonsall Pond
- Council Avenue Pond
- Dave White Regional Park
- Discovery Pond
- El Dorado Park
- Evelyn Hallman Pond
- Freestone Pond
- Friendship Pond
- McQueen Pond
- Pacana
- Papago Park Ponds
- Patterson Ponds
- Rio Vista
- Roadrunner Park
- Steele Indian School
- Water Ranch
- West Wetland Pond

**4 CATFISH LIMIT:**
- Alvord
- Cataract Lake
- Chaparral
- Cluff Ranch Ponds
- Copper Sky
- Cortez
- City Reservoir
- Dankworth Pond
- Deadhorse State Park Lagoons
- Desert Breeze
- Desert West
- Dogtown Lake
- Encanto
- Fortuna
- Fain
- Francis Short Pond
- Granite Basin
- Green Valley
- Growler Pond
- Kaibab Lake
- Kennedy
- Kiwanis
- Lakeside
- Lower Lake Mary
- Maricopa
- Parker Canyon Lake
- Pena Blanca Lake
- Pioneer

**4 CATFISH LIMIT continued:**
- Quigley Pond
- Redondo
- Red Mountain
- Riverview
- Roper Lake
- Sahuarita
- Santa Fe
- Silverbell
- Stone Dam
- Surprise
- Tempe Town Lake
- Tucson waters in the city park system, but not in the CFP
- Veterans Oasis
- Whitehorse Lake

**5 CATFISH LIMIT WHEN TAKEN BY BOW AND ARROW:**
- Apache Lake
- Canyon Lake
- Saguaro Lake

---

**Catfish Family**

**Channel Catfish**
Description: Scattered black spots on a silver or gray colored back and sides with a white belly. Few spots on large adults. Smooth, scaleless skin. 8 barbels or “whiskers.” Short base on small adipose fin. Deeply forked tail. Anal fin has 24 to 30 rays and is slightly rounded. Length: up to 35 inches. Weight: up to 30 pounds.

**Flathead Catfish**
Description: Back and sides mottled, dark-brown to yellow-brown; belly is yellowish-white. Head is broad and flat with small eyes. Large mouth, lower jaw projecting beyond the upper jaw. Adipose fin is large; Tail fin is flat or slightly notched. Length: up to 50 inches. Weight: up to 70 pounds.

**Bullhead (black, yellow, brown)**
Description: Body is yellow-olive to brown on back with yellowish sides, and yellow to white belly. Slight to no mottling. Chin barbels are always light in color, either white or pale yellow. Anal fin is moderately long with a straight profile; Tail fin is rounded. Length: up to 16 inches. Weight: up to 3 pounds.
Waters with Special Regulations by Species and Species Information

The following bodies of water identified under Special Regulations and Seasons (pages 12–25) have special fishing seasons (R12-4-317), daily bag and possession limits, length limits or closures that differ from General Statewide Regulations (pages 6–9) or Statewide Daily Bag and Possession Limits (page 6). Only exceptions to General Statewide Regulations and General Sport Fishing Seasons are shown for each area.

CRAPPIE (INCLUDING BLACK AND WHITE)

10 CRAPPIE:
- Lake Powell

15 CRAPPIE:
- Bartlett Lake
- Colorado River-Separation Canyon to Davis Dam, including Lake Mead and Lake Mohave
- Roosevelt Lake

25 CRAPPIE:
- Colorado River-California/Nevada border to the International Boundary, including Topock Marsh and Lake Havasu (in any combination with sunfish)

Black Crappie
Description: Head and back heavily and irregularly spotted with black blotches on a silver-olive background; Tail, dorsal and anal fins are spotted. Seven or eight spines on dorsal fin. Body is compressed. Length: up to 15 inches. Weight: up to 4 pounds.

Most Popular Lakes to Fish by Species

The following list of waters are only some of the more popular places where these fish can be found. Because water conditions change rapidly please contact Arizona Game and Fish when planning your fishing trip. For the latest fishing reports, visit the Department’s website at www.azgfd.gov.

Carp: Lake Havasu, Lake Mohave, Lake Mead, Lake Powell, Lyman Lake, Roosevelt Lake, Bartlett Lake, Lake Pleasant, Tempe Town Lake, Saguaro Lake, Canyon Lake, and Apache Lake.

Crappie: Roosevelt Lake, Bartlett Lake, Lake Pleasant, Dogtown Lake, Kaibab Lake, Alamo Lake, Santa Fe Lake, Whitehorse Lake, Cataract Lake.

Flathead Catfish: Saguaro Lake, Canyon Lake, Apache Lake, Lake Pleasant, Colorado River at Yuma, Topock Marsh, Lake Havasu, Roosevelt Lake, Bartlett Lake, the Verde River at Camp Verde and below Horseshoe Lake, the Gila River at Safford and Patagonia Lake.

Grayling: Lee Valley Lake, Perkins Tank.

Northern Pike: Upper Lake Mary, Long Lake, Fool Hollow Lake, and Rainbow Lake.

Trout Waters: Ashurst Lake, Bear Canyon, Becker Lake, Big Lake, Black Canyon Lake, Deadhorse State Park Lagoons, West and East Fork of the Black River, C.C. Cragin (Blue Ridge), Canyon Creek, Chevelon Canyon Lake, West Clear Creek, Crescent Lake, Frye Mesa Reservoir, Frye Creek, Goldwater Lake, J.D. Lake, Knoll Lake, Lee Valley Lake, Lees Ferry on the Colorado River, Colorado River below Davis Dam, Little Colorado River, Luna Lake, Lynx Lake, Nelson Reservoir, Oak Creek, Parker Canyon Lake, River Reservoir, Salt River below Saguaro Lake, Show Low Lake, Tonto Creek, Verde River from Clarkdale to Camp Verde, Woods Canyon Lake, White Horse Lake, Willow Beach, and Willow Springs Lake.

Winter-only trout stockings occur at: Canyon Lake, Cluff Pond, Parker Canyon Lake, Patagonia Lake, Pena Blanca Lake, Roper Lake, Saguaro Lake, and designated Community Fishing Program waters.

Walleye: Apache Lake, Show Low Lake, Upper Lake Mary, Fool Hollow Lake, Lyman Lake and Lake Powell.

White Bass: Lake Pleasant.

Yellow Bass: Saguaro Lake, Canyon Lake, Apache Lake, Roosevelt Lake, Tempe Town Lake, and Upper Lake Mary.
Additional Fish Species

Sunfish Family

Bluegill
Description: The bluegill has blue coloring on the chin, a solid black opercle flap, a small mouth and a dark spot at the rear of the dorsal fin. The body is very compressed or flat and has from five to nine dark vertical bars on the sides. Length: up to 12 inches. Weight: up to 3 pounds.

Redear Sunfish
Description: The “Red-ear” sunfish has a black opercle flap which is bordered with a reddish or orange color on the rear of the flap. Sides of head have olive-brown speckling. Body is compressed or flat with an olive-green cast, light speckling on sides. Pectoral fin long and pointed, usually extends far past eye when bent forward. Length: up to 14 inches. Weight: up to 5 pounds.

Green Sunfish
Description: Large mouth with blue-green striations on the cheeks. Opercle flap is black with reddish or orange border. Body olive-green in color, dark vertical bars on sides. Pectoral fin short and rounded. Caudal fin and lower fin margins are white or yellowish with dusky spots at rear of dorsal and anal fins. Length: up to 10 inches. Weight: up to 1.5 pounds.

Pike and Perch Family

Walleye
Description: Back is yellow-olive with a brassy cast. Sides brassy-yellow with dark mottling. Belly is white. Dark spot at rear of spiny dorsal fin. Anal fin and lower lobe of tail fin are white. Eyes are opaque-silver in color. Length: up to 28 inches. Weight: up to 14 pounds.

Northern Pike
Description: Back and sides, dusky olive-green with rows of light oval spots. Dorsal, anal and tail fin have round to oblong darkened spots. Dorsal fin located far back on an elongated body. Large canine-like teeth. Cheeks completely scaled, only upper half of the gill cover is scaled. Length: up to 45 inches. Weight: up to 30 pounds.

Yellow Perch
Description: Back olive-green; sides brassy-yellow with 6 to 9 dark vertical bars; Belly is white. Anal fin, pectoral and pelvic fins are amber-orange tinted. Small teeth, not canine-like. Soft (rear) dorsal fin has 12 to 13 rays. Length: up to 12 inches. Weight: up to 1 pound.

Minnow Family

Common Carp
Description: Back olive-yellow with yellowish gold sides. Scales on back and upper sides are dark-edged, with a dark spot at the base. The dorsal fin has 17 to 22 rays. One saw-toothed spine at front of long dorsal and anal fin. Two barbels at each corner of the mouth on the upper jaw. Large adults have reddish-orange anal and tail fin. Length: up to 40 inches. Weight: up to 40 pounds.

Roundtail Chub (native)
Description: Body is thick and streamlined, dark olive-gray above with silver sides. Mouth extends to front of eye. Dorsal fin and anal fin usually have 8 to 10 rays. Large forked tail fin. Breeding males develop red or orange coloration on lower half of cheek and bases of paired fins. Length: up to 18 inches. Weight: up to 3 pounds. NEW: Catch-and-release only, statewide.

White Amur or grass carp
Similar to common carp only in general color (brassy yellow) and large scales. Notable differences include no barbels on bony mouth, no spine on a short dorsal fin or anal fin, more elongated body, less yellow in color, tail darker and more deeply forked. These fish are highly effective weed eaters and are stocked to control nuisance weeds and algae. Length: up to 42 inches. Weight: up to 40 pounds. NEW: 1 fish, 30 inch minimum statewide.
Protected Native Fish:

See page 6 for a complete list of Commission designated protected fish. The four fish illustrated here are protected in Arizona. Should any of these be caught (most likely to occur in Colorado, Salt, Verde and Gila river systems), they must be immediately released unharmed.

Colorado River Pikeminnow
Description: Body is long and slender, gray-green back with silver sides. Scales, very small. Long, conical shaped head, flattened between the eyes; large, horizontal mouth. Dorsal fin originates behind origin of pelvic fins. Dorsal and anal fins almost always with nine rays. Tail fin, large and deeply forked. Length: up to 36 inches. Weight: up to 20 pounds.

Razorback Sucker
Description: Back, olive to brown-black, sides brown or pinkish; belly, white to yellow. Adults have sharp-edged keel or “humpback.” Mouth facing downward; lower lip widely separated into two lobes by a deep groove. 13-16 dorsal rays; 7 anal rays. Length: up to 30 inches. Weight: up to 8 pounds.

Bonytail Chub
Description: Extremely rare. Federally listed as Endangered. Body highly streamlined, bluish, dusky color above, pale below. Head short, concave on top, arching smoothly into a subtle hump in adults. Dorsal fin rays almost always 10 or more; anal fin rays 9-11; very slender caudal peduncle. Length: up to 24 inches. Weight: up to 3 pounds.

Humpback Chub
Description: Federally listed as Endangered. Body streamlined, dark olive-gray above, silver sides. Small head with snout overhanging mouth. High pronounced hump immediately behind head. This high-hump acts as a barrier to passing water forcing the body against the bottom where currents are slightly less, thus enabling these fish to move through rapids separating one eddying habitat from another. Deeply embedded scales. Slender caudal peduncle. Dorsal fin rays usually 9, anal fin rays 10 or more. Length: up to 18 inches. Weight: up to 2 pounds.
Basic Fishing Setups

Proper rigging of your hooks, weights and baits is a fundamental part of your fishing success. The following methods have proven to work well for trout, catfish and bluegill in lakes and ponds. Use lighter line and smaller hooks and weights for trout and bluegill. Some baits such as worms are effective for all fish, however most other baits are species specific.

Catfish

Line: 8 to 12 lb. test  
Hook Size: 2 to 6 baitholder  
Bait: Worms, stink baits, hotdogs, liver, shrimp

Catfish are best caught using a hook and sinker setup (fig. 1 and fig. 2). Catfish bite best in darker environments. Fish the deepest spots during the daytime and shallower areas after dark.

Trout

Line: 2 to 6 lb. test  
Hook Size: 8 to 12 baitholder  
Bait: Worms, salmon eggs, Power Bait

When using prepared floating baits, the bottom fishing set up with an egg sinker is most effective (fig. 1). When fishing for trout, use the egg sinker set-up with 2- or 4-pound line tied below the swivel to the hook. Fishing with a bobber (fig. 3) can work well for trout when using non-floating baits such as worms or salmon eggs. In addition to the baits suggested for trout, small in-line spinners such as Panther Martins or Mepps, or spoons such as KastMasters or Super Dupers, can be effective.

Sunfish/Bluegill

Line: 2 to 6 lb. test  
Hook Size: 8 to 12 baitholder  
Bait: Worms, mealworms, corn

Sunfish or bluegill can be caught using the bobber setup (fig. 3). Use a small pencil or round bobber and fish along the lake edges in 4-8 feet of water. Use enough weight below the bobber so that it can be pulled underwater easily. Try to cover up the hook with the bait.
Simple Tips for Family Fun

Remembering these five simple kid-style tips will help make your next family fishing trip an enjoyable and memorable experience.

1. **Keep it simple and safe.**
   Forget technique and tactics, kids just want to throw a line in the water and catch something. Choose simple equipment. A push button spincast reel and a 5-6 foot rod are best. Pack only the amount of tackle you need to keep everybody fishing (hooks, bobbers and weights). Fish with easy-to-use bait secured under a small bobber or on the bottom. Provide your youngster with his or her own small tackle kit. Spend your time teaching and coaching the kids, don’t plan to do much fishing yourself.

2. **Be prepared.**
   Have all the things you need to fish beforehand, so when you go fishing there are no delays. Get lots of worms. They are great universal bait and kids will love the dirt, slime and squirm of worms. Bring drinks and snacks in a small tote — being in the outdoors makes kids hungry. Bring a camera to capture the memories.

3. **Make it fun.**
   Take kids to a place where they can catch a lot of fish such as bluegill. Help them identify their catch (see pages 26–33) and teach them how to properly handle the fish they catch. If fishing is slow, take a short break and walk the shoreline or play at the nearby playground. Relax and have patience. Seize opportunities to explore and discover, to make up games and to tell stories.

4. **Involve the kids.**
   Whenever you can, let kids do things themselves — bait the hook, cast their own rods, reel in the fish and remove the fish from the hook. Give kids a role for the day — choosing where to fish, what to bring for snacks, how long to fish each spot, netting the fish or counting the birds.

5. **Go where the fish are.**
   Nearby Community Fishing Program waters are excellent locations to catch all kinds of fish including bluegill, trout and catfish.

---

### Trout Challenge

**TROUT CHALLENGE**

If you’re looking for new places to catch trout this summer — or you’d like to catch a new trout species — we have a challenge for you. Rise to the Wild Trout Challenge and pursue naturally reproducing populations of native and nonnative trout, or chase the Arizona Trout Challenge, which includes hatchery-raised trout.

Arizona manages more than 100 waters statewide for trout. Both challenges offer the opportunity to fish for native Gila and Apache trout, found only in the Southwest. Listed as threatened under the Endangered Species Act, they can be fished in certain waters, thanks to conservation efforts here and in New Mexico.

Explore special fishing spots, learn about trout and enjoy Arizona’s high country in 2016. Here’s how to take the challenge:

1. **For the Wild Trout Challenge**, catch all five species of wild trout in Arizona: Gila, Apache, brown, brook and rainbow trout.
2. **For the Arizona Trout Challenge**, catch six of the eight species in the state: the five named above, plus cutthroat, tiger trout and grayling.
3. **Photograph** the fish you catch.
4. **Submit your photos** and an application identifying where and when those fish were caught to the Arizona Game and Fish Department.

Are you up for the challenge? For the fine print and an application, visit [www.azgfd.gov/troutchallenge](http://www.azgfd.gov/troutchallenge).

---

### Standard Fishing Knot

**Trilene Knot (a strong all-purpose knot)**

1. Run the ends of the line through the eye of the hook two times.
2. Loop the line around 4 or 5 times, then thread the loose end back between the two loops near the hook as shown.
3. Pull tight. Trim the loose end.

---

**Trout Challenge**

[Image of Arizona Trout Challenge logo]
**WHAT IS IT?** The Arizona Game and Fish Department has a state-wide Sport Fishing Education Program which teaches introductory fishing skills to people of all ages. Fishing clinics are led by Department Sport Fishing Education staff and program-certified instructors. All educational materials, rods and reels, bait, and terminal tackle are provided at no charge. Topics of instruction include: where and when to fish; selecting tackle and bait; casting and rigging techniques; fishing safety and ethics; care of your catch; and much more.

**SCHEDULE A FISHING PROGRAM FOR YOUR SCHOOL** The school group fishing program is offered during the school year and is composed of two parts: classroom instruction and field instruction. Classroom and field instructions are held on separate days. The classroom instruction is a one-hour presentation conducted at the school. The presentation covers topics such as native and sport fish of Arizona, fish biology and habitat requirements, basic fishing techniques, and much more. Educational handouts are available for all participants. The field instruction is a three- to four-hour, hands-on fishing event at an urban lake or nearby body of water of your choice. The Department provides all fishing equipment and all fishing license requirements are waived between the clinic hours.

**OPEN TO THE PUBLIC FISHING PROGRAMS** Individuals, families or groups are welcome to attend our “Open to the Public” fishing events conducted throughout the year. For a schedule of programs, visit our website at www.azgfd.gov and look under Education Programs, Sport Fishing Education, then to Schedule of Public Fishing Programs.

**ROD LOANER PROGRAM** The Department has fishing equipment available for loan to the public. Loaner sites include the Department’s Phoenix headquarters office and six regional offices. Up to 50 rods and reels with tackle are available to borrow for up to a week and reservations must be made 3 weeks in advance.

**BECOME A FISHING VOLUNTEER** The Department is looking for qualified individuals who want to volunteer with the Sport Fishing Education Program. You don't have to be an expert angler to help others learn basic fishing skills. Be an active participant in Arizona’s fishing legacy.

For information on Sport Fishing Education programs, rod loaner programs or volunteer opportunities, call 623-236-7240 or visit our website at www.azgfd.gov.

---

**Proper Catch-and-Release Methods**

Fish are a valuable resource, and fishing for them is a fun and exciting recreational experience. By limiting your harvest, and practicing good catch-and-release techniques, you can help preserve a fishery and ensure that angling opportunity remains for another day. Currently, native trout fishing opportunities can only exist from anglers using these techniques.

**DO’S**

- **Appropriate hooks and quick hook sets:** Avoid letting fish swallow hooks by paying attention to your line and using an appropriate hook size and type. Single hooks are more easily removed than multi-point hooks.

- **Hook type:** Barbless hooks are easier to remove and result in less injury to fish and shorter handling times during hook removal.

- **Appropriate tackle:** The use of artificial flies and lures generally hook fish more superficially than those using live bait.

- **Quick retrieve:** Exhaustion stress can be fatal, the longer you play a fish, the more stress it endures.

- **Soft mesh nets:** The use of soft mesh nets, if nets are necessary, will help keep their protective slime on and will avoid entanglement.

- **Wet hands and a gentle touch:** Handling fish with wet hands will help keep their protective slime from coming off.

**DON'TS**

- **Avoid forcefully removing swallowed hooks:** If the hook is embedded down the throat, clip the line as close to the eye of the hook as possible and avoid attempting to remove the hook which may result in bleeding and injury. Hooks will dissolve over time. A fish hooked deeply has a better chance of survival if the line is cut than if its organs are torn in the unhooking process.

- **Avoid touching the gills or eyes:** Holding a fish by the gills can be lethal; these are extremely sensitive and easily damaged organs.

- **Avoid a firm grip:** Fish are slippery and wiggly. Make sure to support the fish properly while holding it. Instinct will lead an angler to tighten their grip on the fish, and potentially crush its internal organs with force.
Violators Steal Your Fish – Help Us Catch Game Thieves

Poaching is not fishing! Poachers are not fishermen!
Do the right thing. Report a violator. Your tip can make the difference in apprehending a fish thief.

A 24/7 hotline to report fish and wildlife violations
Report a violation. Rewards of $50-$1,000 are offered for information leading to an arrest for fishing violations. Callers can remain confidential. Call 1-800-352-0700.

Bag and possession limits provide everyone with a chance at a quality fishing experience and protect the fishery. Any angler that keeps or gives away more than their limit is breaking the law—they are thieves stealing fish from you and other responsible anglers.

Your help is needed to catch these violators. If you witness an angler keeping more than the daily bag and possession limit, fishing with more than two poles at the same time, or not complying with other fishing rules, contact the Game Thief Hotline to report the violation.

Reported violations are prioritized based on the quality of the information provided. Because the Department has a limited number of Wildlife Officers statewide, it is not possible to have an immediate response to every call. That is why it is important that you be a good witness so that follow-up by an officer can be conducted.

Be a good witness:
• Recognize what specific activities are violations.
• Do not put yourself in danger or confront the violator.
• Write down the date, time and specific park and lake location.
• Write down a description of the person(s) (physical and clothing).
• If possible, get the vehicle description and license plate number.
• Try to take pictures or video of the violation and violator.
• Call or go online to report the violation as soon as possible.

Help Protect Our Fisheries

Help reduce crayfish populations in our waters by removing crayfish at every opportunity. Crayfish are not native to Arizona, yet they have become established in many waters throughout the state. They endanger aquatic native species as well as sport fish by:
• Preying on all life stages of fish, amphibians and invertebrates
• Aggressively competing for habitat and food
• Destroying productive habitat in our streams, ponds and lakes

Be careful with the use and disposal of crayfish.
• It is unlawful to transport live crayfish (except for that part of southwestern Arizona south of I-10 and west of Highway 95).

• If you intend to keep and eat crayfish, pack them in ice for transport. This will kill them while keeping them fresh until you arrive at your destination.
• By law, you may only use live crayfish as bait in the same body of water where they were caught.

• Do not throw unused bait crayfish, or bait of any kind, back into the water alive.

With a valid fishing license (or for youth under age 10), an unlimited number of crayfish may be caught by the following methods:
• By hand or hand-held device, such as a fishing pole.
• Landing nets, dip nets or umbrella nets
• Crayfish nets or traps not exceeding 3 feet on a side or diameter
• Cast nets not exceeding a 4-foot radius
• Minnow traps not exceeding 1 foot in height and width, and 2 feet in length
• Seine nets not exceeding 10 feet in length and 4 feet in width
• Crayfish may be caught during the day or night.

See www.azgfd.gov for more information on crayfish capture methods and cooking recipes.
Whirling Disease and Aquatic Invasive Species

Preventing the Spread of Whirling Disease

Whirling disease is a parasitic infection that attacks juvenile trout, eventually killing them. The disease is transmitted primarily by infected fish or fish parts, or fishing equipment and wading gear. Whirling disease is not a human health concern. The Arizona Game and Fish Department continues to monitor and test for any presence of the disease.

You can help prevent the spread of whirling disease in the following ways:

- Do not transport live fish or fish parts from one body of water to another.
- Rinse all mud and debris from equipment and wading gear, and drain water from boats before leaving the infected water.
- Allow gear to dry thoroughly before next use.

For more information, visit the Initiative’s website at www.whirlingdisease.montanta.edu.

Check out www.azgfd.gov/ais for more details on aquatic invasive species Director’s Orders and boat decontamination protocols.

Arizona Game and Fish Department Aquatic Invasive Species (AIS) Decontamination Protocols

(A.R.S. 17-255 – Director’s Order 3)

DAY USERS: Any watercraft, boats, vehicles, conveyances, or other equipment that have been in or on aquatic invasive species (AIS) listed waters for 5 days or less (lakes Mead, Mohave, Havasu, Pleasant, Powell, Bartlett, Roosevelt, Canyon, Apache, Saguaro; and Lower Colorado River, Lees Ferry and the Lower Salt/Verde rivers).

Day-use Decontamination Protocols:

Step 1 After removing from water and before transport from an AIS listed water, clean/remove any clinging material.

Step 2 Remove the plug (keep it out) and drain the water.

Step 3 Dry completely.

LONG TERM USERS AND MOORED BOATS: Any watercraft, boats, vehicles, equipment, or conveyances that have been in or on aquatic invasive species (AIS) listed waters for more than 5 days.

Mandatory decontamination protocols must include minimum dry times.

Long-term Moored Boat Decontamination Protocols:

Step 1 Clean/remove any clinging material.

Step 2 Remove the plug (keep it out) and drain the water.

Step 3 Physically remove all visible attached mussels.

Step 4 Flush engine and cooling system with pressurized hot water.

Step 5 Keep the boat out of the water and dry (desiccation) for a minimum of 18 consecutive days during the months of November through April or 7 consecutive days from May through October.

Step 6 Prior to transport, completely fill out and file the required Aquatic Invasive Species Boating Inspection Report (AISBIR). This form can be downloaded at www.azgfd.gov/ais.

Let’s all “PLUG-IN” to make sure we all “PULL THE PLUG-OUT”

Remove your boat plug before you clean, drain and dry your watercraft ... Now it’s the Law.
### Motor Restrictions:

**Powerboats restricted to a single electric motor on:**

- Ackre Lake
- Bear Canyon Lake
- Bunch Reservoir
- Carnero Lake
- Chaparral Park Lake
- Cliff Ponds
- Coconino Reservoir
- Coors Lake
- Dankworth Pond
- Dogtown Reservoir
- Fortuna Lake
- Goldwater Lake
- Granite Basin Lake
- Horsethief Basin Lake
- Hulsey Lake
- J.D. Dam Lake
- Knoll Lake
- Lee Valley Lake
- McKellips Park Pond
- Pratt Lake
- Quigley Pond
- Redondo Lake
- Riggs Flat Lake
- Roper Lake
- Santa Fe Lake
- Scott’s Reservoir
- Sierra Blanca Lake
- Soldier Lake
- Stoneman Lake
- Tunnel Reservoir
- Whitehorse Lake
- Willow Valley Lake
- Woodland Lake
- Woods Canyon Lake

**Powerboats restricted to a single gasoline engine not exceeding 10 horsepower on:**

- Arivaca Lake
- Ashurst Lake
- Becker Lake
- Big Lake
- Black Canyon Lake
- C.C. Cragin (Blue Ridge)
- Cataract Lake
- Chevelon Canyon Lake
- Concho Lake
- Crescent Lake
- Fool Hollow Lake
- Kaibab Lake
- Kinnikinic Lake
- Little Mormon Lake
- Lower Lake Mary
- Luna Lake
- Lynx Lake
- Marshall Lake
- Mexican Hay Lake
- Nelson Reservoir
- Parker Canyon Lake
- Pena Blanca Lake
- Rainbow Lake
- River Reservoir
- Show Low Lake
- Whipple Lake
- White Mountain Lake
- Willow Springs Lake

**No watercraft allowed on:**

- Frye Mesa Reservoir
- Rose Canyon Lake

*(AGFD R12-4-517 (A)(B)(C))*

*This list was effective May 24, 2011*
## Arizona State Fish Records

As reported to and verified by the Arizona Game and Fish Department. Updated Dec. 11, 2016. For more current record listings, go to [www.azgfd.gov](http://www.azgfd.gov).

**NOTES:** Records are based upon weight recorded on state-certified (legal for trade) scales and two witnesses to the weighing. Record fish must be available for inspection by Department personnel. New record fish must outweigh the standing record for the species by at least one full ounce. Fish taken from private waters that are closed to public access are not eligible for record status.

1. Based on total length only and rounded down to nearest inch. New entries must exceed existing entry by at least 1 inch.
2. Larger than current all-tackle world record listed by the International Game Fish Assn. and the National Fresh Water Fishing Hall of Fame.
3. World record for all tackle as verified by the National Fresh Water Fishing Hall of Fame.
4. Fort Apache Indian Reservation.
5. Species now protected, may not be taken.
Arizona Fish Entry Form

☐ Yes, the Arizona Game and Fish Department may use my photo for promotional purposes.

Angler’s Name: ____________________________________________________
Address: _________________________________________________________
Phone: ___________________________________________________________
Species: __________________________________________________________
Date Caught: ______________________________________________________
Certified Weight (Rule #1) __________________________________________ lbs (for example, 3.18 lbs)
Total Length (Rule #2) _____________________________________________ inches
Location of Catch (Rule #3): _________________________________________
Type of Lure or Bait _________________________________________________
Species Identified By (Rule #4): ______________________________________
Fishing License Number: ___________________________ Verified by (Rule #5): __________________
Scale Location: ____________________________________________________
Registered Scale Number: __________________________________________
Expiration Date or Certification Date: _________________________________
Witnesses to Weight (except catch-and-release entries):
We, the undersigned, witnessed the weighing of the fish described above and attest to the weight and length as listed (Rule #1, 2, 6).

Printed Name: ___________________________ Signature: ___________________________
Address: _________________________________________________________

Phoenix, AZ 85086

Catch-and-Release Record Program

The Catch-and-Release State Record Program requires only an accurate, total-length measurement (no weight) and a photograph. This record program is designed to minimize fish stress and maximize fish survival for those who wish to return fish to the water. It is based on the principle that the less you restrain and handle a fish after capture (live well transport, weight handling, re-release, etc.) the greater the likelihood of survival. Here is a highlight of the rules:

- Total length of the fish must be measured. A clear photo verifying the species and length must be included with the entry form, include a tape measure, ruler or other measuring device next to the fish in the photograph. Entries cannot be considered without a measuring device in the photograph.
- All fractions of length will be rounded down to the nearest inch.
- New catch-and-release record must exceed existing record by at least 1 inch. Witnesses to the capture of Catch and Release fish entries are desirable, however, the program is honor-based and witnesses are not mandatory.
- New catch-and-release record must exceed existing record by at least 1 inch.
- Witnesses to the capture of Catch and Release fish entries are desirable, however, the program is honor-based and witnesses are not mandatory.
## Fish Weighing Scales at a Location Near You

The Arizona Game and Fish Department has placed 23 fish weighing scales at locations across the state. The scales are intended to ease the difficulty many anglers have had finding certified scales to weigh their record fish catches.

### Phoenix Area

**Arizona Game and Fish Department**  
7200 E. University Ave.  
Mesa, AZ 85207  
(480) 981-9400  
Hours Mon–Fri 8:00 a.m.–5:00 p.m.  
Scale capacity: 30 pounds

### Flagstaff Area

**Arizona Game and Fish Department**  
3500 S. Lake Mary Rd.  
Flagstaff, AZ 86001  
(928) 774-5045  
Hours: Mon–Fri 8:00 a.m.–5:00 p.m.  
Scale capacity: 30 pounds

### Pinetop Area

**Arizona Game and Fish Department**  
2878 E. White Mountain Blvd.  
Pinetop, AZ 85935  
(928) 532-3680  
Hours: Mon–Fri 8:00 a.m.–5:00 p.m.  
Scale capacity: 30 pounds

### Yuma Area

**Arizona Game and Fish Department**  
9140 E. 28th St.  
Yuma, AZ  
(928) 342-0091  
Hours: Mon–Fri 8:00 a.m.–5:00 p.m.  
Scale capacity: 120 pounds

### Kingman Area

**Arizona Game and Fish Department**  
5325 N. Stockton Hill Road  
Kingman, AZ 86409  
(928) 692-7700  
Hours: Mon–Fri 8:00 a.m.–5:00 p.m.  
Scale capacity: 60 pounds

### Big Lake Store

(928) 521-1387  
Hours: Summer 6:00 a.m.–7:00 p.m.; Spring/Fall 8:00 a.m.–5:00 p.m.; Closed Winter  
Scale capacity: 30 pounds

### Tucson Area

**Arizona Game and Fish Department**  
555 N. Greasewood Rd.  
Tucson, AZ  
(520) 628-5376  
Hours: Mon–Fri 8:00 a.m.–5:00 p.m.  
Scale capacity: 30 pounds

### Alamo Lake State Park Store

38 miles north of Wenden at the lake  
Hours: Mon–Sun 8:00 a.m.–5:00 p.m.  
Scale capacity: 120 pounds

### Willow Beach Store

25804 N. Willow Beach Rd.  
Willow Beach, AZ 85349  
(928) 767-4747  
Summer Hours: Mon–Sun 7:00 a.m.–7:00 p.m.; Spring/Fall 8:00 a.m.–5:00 p.m.; Closed Winter  
Scale capacity: 30 pounds

### Patagonia Lake

**Marina Cove Store at Patagonia Lake State Park**  
(520) 287-5545  
Hours: Mon–Sun 10:00 a.m.–4:00 p.m.  
Scale capacity: 120 pounds

### Fisher’s Landing

11 miles W. on Martinez Lake Rd. from Hwy 95 (MP 46.9)  
Winter hours: Mon–Sun 8:00 a.m.–4:00 p.m.  
Summer hours: Mon–Thurs 8:00 a.m.–4:00 p.m.; Fri–Sun 7:00 a.m. to dusk  
Scale capacity: 120 pounds

### Sportsmen’s Hide-A-Way

1645 S. Engler Ave.  
Yuma, AZ  
Hours: Mon–Sat 8:00 a.m.–5:00 p.m.  
Scale capacity: 30 pounds

### Lake Havasu

**Bass Tackle Master**  
362 London Bridge Rd., Suite 1  
Lake Havasu, AZ  
Hours: Mon–Fri 6:00 a.m.–6:00 p.m., Sat 6:00 a.m.–5:00 p.m.; Sun 6:00 a.m.–noon  
Scale capacity: 30 pounds

---

**Flagstaff Area**  
**Arizona Game and Fish Department**  
3500 S. Lake Mary Rd.  
Flagstaff, AZ 86001  
(928) 774-5045  
Hours: Mon–Fri 8:00 a.m.–5:00 p.m.  
Scale capacity: 30 pounds

**Apache Lake Marina**  
P.O. Box 15627  
Tortilla Flat, AZ 85290  
Hours: Mon–Sun 7:30 a.m.–5:00 p.m.  
Scale capacity: 30 pounds

---

**Kingman Area**  
**Arizona Game and Fish Department**  
5325 N. Stockton Hill Road  
Kingman, AZ 86409  
(928) 692-7700  
Hours: Mon–Fri 8:00 a.m.–5:00 p.m.  
Scale capacity: 60 pounds

**Willow Beach Store**  
25804 N. Willow Beach Rd.  
Willow Beach, AZ 86445  
(928) 767-4747  
Summer Hours: Mon–Sun 7:00 a.m.–7:00 p.m.; Winter Hours: Mon–Sun 9:00 a.m.–5:00 p.m.  
Scale capacity: 120 pounds

---

**Pinetop Area**  
**Arizona Game and Fish Department**  
2878 E. White Mountain Blvd.  
Pinetop, AZ 85935  
(928) 532-3680

Hours: Mon–Fri 6:00 a.m.–6:00 p.m., Sat 6:00 a.m.–5:00 p.m.; Sun 6:00 a.m.–noon  
Scale capacity: 30 pounds
Fish Consumption and Your Health

Fishing is a great way to spend time with friends and family. Eating fish is a contributor to your overall health and is an excellent source of protein and omega-3 fatty acids, which benefit heart health. The American Heart Association recommends eating fish at least twice a week.

However, some types of fish (store-bought or sport-caught) from some locations, may contain elevated levels of mercury or other environmental contaminants. The amount of these substances in the fish’s flesh is generally highest in older, larger, predatory fish.

The benefits and risks of eating fish vary depending on a person’s stage of life:

• Children and pregnant women are advised by the U.S. Food and Drug Administration (FDA) to avoid eating fish with high levels of mercury contamination.

• For middle-aged and older men and postmenopausal women, the benefits of fish consumption far outweigh the potential risks when the amount of fish eaten is within the recommendations established by the FDA and Environmental Protection Agency (see EPA website www.epa.gov/waterscience/fish/publicinfo.html).

Fish consumption guidelines are primarily designed to protect pregnant women, women of child bearing age, children and anglers who regularly consume fish in larger quantities over long periods of time.

This information is not intended to discourage you from eating fish but to guide you in making healthy choices. Don’t stop eating fish; just be careful of the fish and amounts you eat, and where they come from.

Working with the Arizona Department of Environmental Quality, the Arizona Game and Fish Department investigates areas where there may be concern for environmental contaminants in fish. In Arizona, mercury and pesticides have been found in several waters affecting various species. Based on these investigations, site-specific public advisories from the Arizona Department of Health Services and the Department of Environmental Quality have been developed, and anglers are advised to limit the consumption of certain kinds of fish from these locations.

Please examine the Site Specific Fish Consumption Advisories table (at right).

Health and Environmental Information

Lead and Fishing

Some kinds of fishing equipment such as sinkers and jigs are made from lead, which can be dangerous to the health of humans and wildlife. You can reduce your exposure to lead from fishing equipment by following a few simple guidelines:

• Never put lead in your mouth (use pliers to close sinkers around fishing line).

• Don’t touch or eat food after handling lead fishing equipment without washing your hands first.

• Don’t let small children handle lead fishing equipment.

Some birds have been poisoned by eating lead fishing equipment because they mistake it for food. Although there is little evidence that this occurs often in Arizona, you can help to assure that this does not happen. To prevent wildlife exposure to lead:

• Consider using alternatives to lead when you purchase fishing equipment (steel, bismuth, tungsten, resin, or glass weights).

• Make reasonable attempts to recover any lost equipment made from lead.

• Clean up any lead fishing tackle you find on shore or in the shallows.
Arizona Fish Consumption Advisories

Trout produced by the Arizona Game and Fish Department and channel catfish that are stocked into Community Fishing waters have been tested by the U.S. Environmental Protection Agency for mercury. The results of the analysis indicate that these fish are safe for consumption. Also, the AZGFD in cooperation with the Arizona Department of Environmental Quality are in the process of identifying waters and fish species that do not have mercury problems. This list will soon be published on the AZGFD website and will be referred to as a “Green” category fishery.

Site Specific Fish Consumption Advisories

Please check the AZGFD website for the latest information.

Previously the lower Salt and Gila rivers from 59th Avenue down to and including Painted Rocks Reservoir, Painted Rocks Borrow Pit and the lower portion of the Hassayampa River were listed as contaminated with pesticides. That fish consumption advisory has been rescinded by the ADEQ as of Aug. 7, 2015.
Angler Access Restrictions

In addition to fishing area and season closures identified on pages 12-25, other fishing areas may be seasonally closed due to bald eagle breeding areas and/or Wildlife Area restrictions.

Bald Eagle Closures

The Arizona Game and Fish Department, in cooperation with the Southwestern Bald Eagle Management Committee and land management agencies, closes sensitive bald eagle breeding areas along Arizona’s rivers and lakes during five–eight months of the year. The closures prevent public entry and deter human activity during critical times of the breeding cycle. You can identify the closure areas by looking for No Entry signs on roads, trails and at boat ramps, and No Entry buoys on the water. Some closures may not be enacted or lifted early depending on when and where the eagles nest. For additional information on any closure, contact the Arizona Game and Fish Department, Eternal Branch, (623) 236-7506.

Lakes With Bald Eagle Breeding Closure Areas

- Crescent Lake – A portion of the dirt entrance road to the west side may be restricted to a “no stopping zone” and a portion of land near the parking area on the west side may be closed to foot entry from April 1 through Aug. 31. Contact the Apache-Sitgreaves National Forest, Springerville Ranger District, (928) 333-6200.
- Greer Lakes (Tunnel and River) (not enacted unless pair moves nesting location) – Portions of the lakes may be closed to watercraft and a portion of the shoreline may be closed to foot entry from March 1 through July 31. Contact the Apache-Sitgreaves National Forest, Springerville Ranger District, (928) 333-6200.
- Horseshoe Lake – A portion of the lake is closed from Dec. 1 to June 30. Contact the Arizona Game and Fish Department, (623) 236-7506.
- Lake Pleasant – No vehicle, watercraft, or foot traffic allowed on the Lower Agua Fria River Arm from Dec. 15 to June 15. Contact Maricopa County Parks and Recreation, (928) 501-1710.
- Lower Lake Mary (not enacted unless pair moves nesting location) – There may be no vehicle or foot traffic allowed on a portion of the north side of the lake from Jan. 1 to Aug. 30. Contact the Coconino National Forest, Mormon Lake Ranger District, (928) 774-1147.
- Luna Lake – There is no vehicle or foot traffic allowed on the north side from Jan. 1 to June 15. Contact Apache-Sitgreaves National Forest, Alpine Ranger District, (928) 339-5000.
- Lynx Lake (not enacted unless pair moves nesting location) – Portions of the lake’s east side may be closed to vehicle or foot traffic and a portion of the shoreline may be closed to watercraft from Dec. 1 to June 30. Contact the Prescott National Forest, Bradshaw Ranger District, (928) 443-8000.
- Show Low Lake – A portion of the lake is closed to watercraft and a portion of the shoreline may be closed to foot entry from March 1 to Aug. 31. Contact Apache-Sitgreaves National Forest, Lakeside Ranger District, (928) 368-2100.
- Whitehorse Lake – A portion of the shoreline may be closed to foot entry from March 1 to Aug. 31. Contact Kaibab National Forest, Williams Ranger District (928) 655-5600.
- Woods Canyon Lake – A portion of the lake may be closed to watercraft and a portion of the shoreline is closed to foot entry from April 1 through Aug. 31. Contact the Apache-Sitgreaves National Forest, Black Mesa Ranger District, (928) 535-7300.

Rivers/Creeks with Bald Eagle Breeding Closure Areas

- Verde River – Not planned for enactment unless nesting resumes. Verde River below Sycamore Canyon Wilderness may be closed to foot and vehicle entry from Dec. 1 to June 15. Floating through is allowed. Contact Coconino National Forest, Sedona Ranger District, (928) 282-4119.
- Verde River near Chasm Creek is closed to foot and vehicle entry from Dec. 1 to June 15. Floating through is allowed. Contact Prescott National Forest, Verde Ranger District, (928) 567-4121.
- Verde River near Cold Water Creek, allows watercraft to float through but no stopping on the river or landing is allowed Dec. 1 to June 30. Contact Prescott National Forest, Verde Ranger District, (928) 567-4121.
- Verde River near East Verde River, allows watercraft to float through but no stopping on the river or landing is allowed Dec. 1 to June 30. Contact Tonto National Forest, Cave Creek Ranger District, (480) 595-3300.
- Verde River near Mule Shoe Bend, allows watercraft to float through but no stopping in the river or landing is allowed from Dec. 1 to June 30. Contact Tonto National Forest, Cave Creek Ranger District, (480) 595-3300.
- Verde River below Horseshoe Dam is closed to vehicle or foot entry on the southwest side of the river from Dec. 1 to June 30, Floating through is allowed, but no stopping in the river or landing on the southwest side of the river is allowed. Contact Tonto National Forest, Cave Creek Ranger District, (480) 595-3300.
- Verde River near Bartlett Dam is closed to foot or vehicle entry from Dec. 1 to June 30. Floating through is allowed. Contact Tonto National Forest, Cave Creek Ranger District, (480) 595-3300.
- Verde River at the Needle Rock Recreation area is closed to foot and vehicle entry on the east and portions of the west side of the river from Dec. 1 to June 30, Floating through is allowed, but no stopping in the river or landing on east side of river is allowed. Contact Tonto National Forest, Cave Creek Ranger District, (480) 595-3300.
- Verde River near Redmond Flat allows watercraft to float through, but no stopping in the river or landing is allowed from Dec. 1 to June 30. Contact Tonto National Forest, Cave Creek Ranger District, (480) 595-3300.
- Verde River near Redmond Ranch is closed to vehicle, foot traffic, and floating through from Dec. 1 to June 30. Contact Tonto National Forest, Cave Creek Ranger District, (480) 595-3300.

Wildlife Area Restrictions (R12-4-802) and Other Closures

The following areas have seasonal closures that may affect fishing access to a portion of these lakes:

- Luna Lake Wildlife Area: Posted portions closed to public entry from Feb. 15 through July 31 annually.
- Mittry Lake Wildlife Area: Posted portions closed to public entry.
- Roosevelt Lake Wildlife Area: Posted portions closed to public entry from Nov. 15 through Feb. 15 annually.
- Silver Creek Hatchery

H. There is no open season on Ambystoma tigrinum stebbinsi (Sonoran tiger salamander), Rana taramahare (Tarahumara frog), Rana blairi (plains leopard frog), Rana chiricahuensis (Chiricahua leopard frog), Rana pipiens (northern leopard frog), Rana yavapaiensis (lowland leopard frog), Rana onca (relict leopard frog).

Amphibian Notes:

1. A fishing or combination license is required for take of amphibians. Amphibians may be taken day or night. Methods of take are prescribed in R12-4-313.
2. The Fort Huachua Military Reservation controls access to the taking of aquatic wildlife on its installation.
3. The possession limit for Craugaster augusti (barking frog) legally held prior to January 1, 2005 is 10 per person.
4. No waterdogs or salamanders may be taken in that portion of South Dakota County lying east and south of State Highway 82 or that portion of Cochise County lying west of the San Pedro River and south of State Highway 82.
5. No Hyla wrightorum (Arizona treefrogs) may be taken in Cochise or Santa Cruz counties.
6. Rana berlandieri (Rio Grande leopard frogs) may not be taken from the portion of the Hassayampa River basin in Maricopa and Mohave counties.
7. Amphibians may not be taken at any time (or during periods specified) within the following areas:
   1. Posted boundaries of State or Federal hatcheries, except for Arizona Game and Fish Department sponsored fishing clinics.
   2. Posted boundary of the Region 1 regional headquarters in Pinetop.
   3. The Colorado River one-half mile upstream and one-half mile downstream from its confluence with the Little Colorado River.
   4. That portion of the Little Colorado River lying within the Grand Canyon National Park.
   5. Lee Valley Creek above Lee Valley Lake.
   6. Gap Creek between Honeyhook Cabin and its confluence with the Verde River.
   7. Mineral Creek in Apache County upstream of the Apache-Sitgreaves National Forest Boundary.
   8. Posted areas immediately above the dams at Upper Lake Mary, Alamo Lake and Lake Mead.
   9. Posted areas immediately below Davis, Hoover, Glen Canyon, Waddell (Lake Pleasant), Roosevelt, Horse Mesa and Mormon Flat dams.
   10. Posted, Spawning Pond Number 1 and Spawning Pond Number 2 located along the Salinity Canal north of Yuma.
   11. The Luna Lake Wildlife Area from April 1 through July 31.
   12. Posted portions of Alamo Lake.
   13. Posted portions of the Tonto Arm of Roosevelt Lake from November 15 through February 15 annually.
   14. Posted portions of Mingus Lake from November 15 through February 15 annually.
   15. Posted portions of Becker Lake are closed to all public entry from December 15 through June 15.
   16. Posted portions of Lake Mead.
   17. Posted portions of Powers Butte Wildlife Area are closed to entry for the purpose of taking wildlife.
   19. Posted portions of Lake Havasu.
   20. Posted portions of Cienega Creek in Pima County.
   21. Ajoaqua Creek in Pinal and Graham counties.
   22. Sycamore Creek in Santa Cruz County.
   23. Cibola Lake from the first Monday in September (Labor Day) through March 15.
   24. Posted portions of Martinez Lake from October 1 through March 1.
   25.Posted in accordance with and pursuant to ARS 17-303 and 304.
8. The Grand Canyon-Parashant, Vermillion Cliffs, Sonoran Desert, Ironwood Forest, and Agua Fria National Monuments are open to the take of wildlife.
9. Havasu, Bill Williams River, Cibola, and Imperial National Wildlife Refuges are open to the take of bullfrogs, as permitted by refuge regulations (posted areas are closed).
10. Within Unit 25M, bullfrogs may only be taken by minnow trap, crayfish net, hand, or with any hand-held, non-motorized implement that does not discharge a projectile, as prescribed in R12-4-313(D.6).

Crustaceans and Mollusks: Commission Order 42 Requires a valid fishing or combination license

Open Areas - Statewide - As defined in ARS§17-101, but does not include any area closed under ARS §17-303 and 304, or R12-4-801, R12-4-802 and R12-4-803.

Crustaceans and Mollusks Notes:

1. Bylaw, crustaceans and mollusks are considered aquatic wildlife and a fishing or combination license is required for take. Methods of take are prescribed at R12-4-313.
2. The Fort Huachua Military Reservation controls access to the taking of aquatic wildlife on its installation.
3. Crayfish may be possessed live or dead in that portion of La Paz County west of Highway 95 and south of Interstate 10; in Yuma County; and on the Colorado River from Palo Verde Diversion Dam downstream to the southern international boundary with Mexico.
4. Intentional transport of live or dead aquatic invasive species [crustaceans and mollusks listed in Director’s Order #1: Potamopyrgus antipodarum (New Zealand mudsnail), Dreissena polymorpha (zebra mussel), Dreissena bugensis (quagga mussel), Cherax quadricarinatus (red-claw crayfish), Orconectes rusticus (rusty crayfish), and Pomacea species (applesnails)] in Arizona is prohibited with the exception of preserved scientific and educational specimens.
5. Crustaceans and mollusks may not be taken at any time within the following areas:
   1. Posted boundaries of State or Federal hatcheries, except for Arizona Game and Fish Department sponsored fishing clinics.
   2. Posted boundary of the Region 1 regional headquarters in Pinetop.
   3. The Colorado River one-half mile upstream and one-half mile downstream from its confluence with the Little Colorado River.
   4. That portion of the Little Colorado River lying within the Grand Canyon National Park.
   5. Lee Valley Creek above Lee Valley Reservoir.
   6. Gap Creek between Honeyhook Cabinet and its confluence with the Verde River.
   7. Mineral Creek in Apache County upstream of the Apache-Sitgreaves National Forest Boundary.
   8. Posted areas immediately above the dams at Upper Lake Mary, Alamo Lake and Lake Mead.
   11. Posted portions of Lake Havasu.
   12. Posted portions of Cienega Creek in Pima County.
   13. Ajoaqua Creek in Pinal and Graham counties.
Crustaceans and Mollusks Notes (continued):

Mary, Alamo Lake and Lake Mead.

(9). Posted areas immediately below Davis, Hoover, Glen Canyon, Waddell (Lake Pleasant), Roosevelt, Horse Mesa and Mormon Flat dams.

(10). Posted, Spawning Pond Number 1 and Spawning Pond Number 2 located along the Salinity Canal north of Yuma.

(11). Luna Lake Wildlife Area from April 1 through July 31.

(12). Posted portions of Alamo Lake.

(13). Posted portions of the Tonto Arm of Roosevelt Lake from November 15 through February 15 annually.

(14). Posted portions of Mittry Lake from November 15 through February 15 annually.

(15). Posted portions of Becker Lake are closed to all public entry from December 15 through June 15.

(16). Posted portions of Lake Mead.

(17). Posted portions of Powers Butte Wildlife Area are closed to entry for the purpose of taking wildlife.

(19). Posted portions of Lake Havasu.

(20). Posted portions of Cienega Creek in Pima County

(21). Avena Creek in Pinal and Graham counties.

(22). Sycamore Creek in Santa Cruz County.

(23). Cibola Lake from the first Monday in September (Labor Day) through March 15.

(24). Posted portions of Martinez Lake from October 1 through March 1.

(25).Posted in accordance with and pursuant to ARS 17-303 and 304.

(26). The Grand Canyon-Parashant, Vermillion Cliffs, Sonoran Desert, Ironwood Forest, and Aqua Fria National Monuments are open to the take of wildlife.

Reptiles: Commission Order 43 (aquaTon) Requires a valid fishing or combination license

**GENERAL**

CONSULT THE 2017 & 2018 ARIZONA REPTILE AND AMPHIBIAN REGULATIONS FOR A COMPLETE LISTING OF COMMISSION ORDER 43 (includes terrestrial).

*Open Areas do not include areas within municipal parks, municipal preserves, county parks, county preserves, airports, golf courses, or posted water treatment facilities (except as specifically opened in this Commission Order) or areas closed under A.R.S. Sections 17-101, 17-303 and 17-304, or Commission Rules R12-4-321, R12-4-801, R12-4-802 and R12-4-803.

Other Notes may apply (see Open Areas information below).

**LIMITED WEAPON HAND OR HAND-HELD IMPLEMENT REPTILES**

Open Areas do not include any area closed under A.R.S. Sections 17-101, 17-303 and 17-304, or Commission Rules R12-4-801, R12-4-802 and R12-4-803.

Reptile Notes:

1. A hunting or combination license is required for take of reptiles. A fishing or combination license is required for take of softshell turtles.

2. A hunting or combination license is required for take of reptiles. A fishing or combination license is required for take of softshell turtles. Reptiles may be taken any time or day. See R12-4-804 (F) for restrictions on trapping and the use of artificial light and firearms. By law, softshell turtles are considered aquatic wildlife and a combination license is required for take; methods of take are prescribed in R12-4-313.

3. The Colorado River one-half mile upstream and one-half mile downstream from its confluence with the Little Colorado River.

4. That portion of the Little Colorado River lying within the Grand Canyon National Park.

5. Lee Valley Creek above Lee Valley Lake.

6. Gap Creek between Hayanon Valley and its confluence with the Verde River.

7. Mineral Creek in Apache County upstream of the Apache-Stgesners National Forest.

8.Posted areas immediately above the dams at Upper Lake Mary, Alamo Lake and Lake Mead.

9. Turtles may not be taken at any time (or during periods specified) within the following areas:

10. The Fort Huachuca Military Reservation controls access to the taking of reptiles. A hunting or combination license is required for take of reptiles. **Methods of take are prescribed in R12-4-318 (C.9).**

11. A hunting or combination license is required for trapping and the use of artificial light. By law, softshell turtles are considered aquatic wildlife and a fishing or combination license is required for take. Methods of take are prescribed in R12-4-318 (C.9).

12. General Reptile seasons must comply with R12-4-304 - Lawful Methods for Taking Wild Mammals, Birds, and Reptiles:

   a. Check pitfall traps of any size daily, release non-target species, remove pitfall when no longer in use, and fill any holes;

   b. Shall not use firearms or night vision;

   c. May use artificial light while taking reptiles, if the light is not attached to or operated from a motorized vehicle, motorized watercraft, watercraft under sail, or floating object towed by a motorized watercraft or a watercraft under sail.

13. Limited Weapon Hand or Hand-held Implement Reptile seasons must comply with R12-4-318 - Seasons for Lawfully Taking Wild Mammals, Birds, and Reptiles:

   a. A person participating in:

      1. A limited weapon hand or hand-held implement season may use one or more of the following methods or devices for taking wildlife, if authorized under R12-4-304 as lawful for the species hunted:

      a. Catch-pole

      b. Hand

      c. Snake hook, or

      d. Snake tongs.

22. The following Pima County parks and preserves are open to hunting concurrently with a game hunting season in the unit in which they occur:

   a. A SPECIAL NOTICE TO HUNTERS: Arizona Game & Fish is implementing additional hunting seasons in units 20, 22, 26, 30, 31, 32

   b. *Open Areas do not include areas within municipal parks, municipal preserves, county parks, county preserves, airports, golf courses, or posted water treatment facilities, except areas closed in Note 10.*

30. Statewide, excluding private lands within city limits and areas within municipal parks, municipal preserves, county parks, county preserves, airports, golf courses, or posted water treatment facilities, except areas closed in Note 10.

31. Statewide, including private lands within city limits and areas within municipal parks, municipal preserves, county parks, county preserves, airports, golf courses, or posted water treatment facilities, except areas closed in Note 10.

32. Unlimited dead.

33. Unlimited dead.

34. Unlimited dead.
A. In this title, unless the context otherwise requires:

**Definitions**

1. “Angling” means the taking of fish by one line and not to exceed two hooks, by one line and one artificial lure, which may have attached more than one hook, or by one line and not to exceed two artificial flies or lures.
2. “Bag limit” means the maximum limit, in number or amount, of wildlife that may lawfully be taken by any one person during a specified period of time.
3. “Closed season” means the time during which wildlife may not be lawfully taken.
4. “Commission” means the Arizona game and fish commission.
5. “Department” means the Arizona game and fish department.
6. “Device” means any net, trap, snare, salt lick, scaffold, deadfall, pit, explosive, poison or stupefying substance, crossbow, firearm, bow and arrow, or other implement used for taking wildlife. Device does not include a raptor or any equipment used in the sport of falconry.
7. “Domicile” means a person’s true, fixed and permanent home and principal residence. Proof of domicile in this state may be shown as prescribed by rule by the commission.
8. “Fishing” means to lure, attract or pursue aquatic wildlife in such a manner that the wildlife may be captured or killed.
9. “Guide” means a person who does any of the following:
   (a) Advertises for guiding services.
   (b) Holds himself out to the public for hire as a guide.
   (c) Is employed by a commercial enterprise as a guide.
   (d) Accepts compensation in any form commensurate with the market value in this state for guiding services in exchange for aiding, assisting, directing, leading or instructing a person in the field to locate and take wildlife.
   (e) Is not a landowner or lessee who, without full fair market compensation, allows access to the landowner’s or lessee’s property and directs and advises a person in taking wildlife.
10. “License classification” means a type of license, permit, tag or stamp authorized under this title and prescribed by the commission by rule to take, handle or possess wildlife.
11. “License year” means the twelve-month period between January 1 and December 31, inclusive, or a different twelve-month period as prescribed by the commission by rule.
12. “Nonresident”, for the purposes of applying for a license, permit, tag or stamp, means a citizen of the United States or an alien who is not a resident.
13. “Open season” means the time during which wildlife may be lawfully taken.
14. “Possession limit” means the maximum limit, in number or amount of wildlife, that may be possessed at one time by any one person.
15. “Resident”, for the purposes of applying for a license, permit, tag or stamp, means a person who is:
   (a) A member of the armed forces of the United States on active duty and who is stationed in:
      (i) This state for a period of thirty days immediately preceding the date of applying for a license, permit, tag or stamp.
      (ii) Another state or country but who lists this state as the person’s home of record at the time of applying for a license, permit, tag or stamp.
   (b) Domiciled in this state for six months immediately preceding the date of applying for a license, permit, tag or stamp and who does not claim residency privileges for any purpose in any other state or jurisdiction.
17. “Statewide” means all lands except those areas lying within the boundaries of state and federal refuges, parks and monuments, unless specifically provided differently by commission order.
18. “Take” means pursuing, shooting, hunting, fishing, trapping, killing, capturing, snaring or netting wildlife or the placing or using of any net or other device or trap in a manner that may result in the capturing or killing of wildlife.
19. “Wildlife” means all wild mammals, wild birds and the nests or eggs thereof, reptiles, amphibians, mollusks, crustaceans and fish, including their eggs or spawn.
20. “Youth” means a person who is under eighteen years of age.
21. “Zoo” means a commercial facility open to the public where the principal business is holding wildlife in captivity for exhibition purposes.

B. The following definitions of wildlife shall apply:

1. Aquatic wildlife are all fish, amphibians, mollusks, crustaceans and soft-shelled turtles.
2. Nongame animals are all wildlife except game mammals, game birds, fur-bearing animals, predatory animals and aquatic wildlife.
3. Game fish are trout of all species, bass of all species, northern pike, walleye and yellow perch.
4. Game birds include predatory animals and aquatic wildlife.
5. Except as provided by the commission.

B. The following definitions of wildlife shall apply:

1. Aquatic wildlife are all fish, amphibians, mollusks, crustaceans and soft-shelled turtles.
2. Nongame animals are all wildlife except game mammals, game birds, fur-bearing animals, predatory animals and aquatic wildlife.
3. Game fish are trout of all species, bass of all species, northern pike, walleye and yellow perch.
4. Nongame fish are all the species of fish except game fish.
5. Aquatic wildlife are all fish, amphibians, mollusks, crustaceans and soft-shelled turtles.
6. Nongame animals are all wildlife except game mammals, game birds, fur-bearing animals, predatory animals and aquatic wildlife.
7. Game fish are trout of all species, bass of all species, northern pike, walleye and yellow perch.
8. Nongame fish are all the species of fish except game fish.
9. Trout means all species of the family salmoideae, including grayling.
10. Trout means all species of the family salmonideae, including grayling.

A.R.S. 17-304

Prohibition by landowner upon hunting; posting; exception

A. Landowners or lessees of private land who desire to prohibit hunting, fishing or trapping on their lands without their written permission shall post such lands closed to hunting, fishing or trapping using notices or signboards.

B. State or federal lands including those under lease may not be posted except by consent of the commission.

C. The notices or signboards shall meet all of the following criteria:
   1. Be not less than eight inches by eleven inches with plainly legible wording in capital and bold-faced lettering at least one inch high.
   2. Contain the words “no hunting”, “no trapping”, “no fishing” either as a single phrase or in any combination.
   3. Be conspicuously placed on a structure or post at least four feet above ground level at all points of vehicular access, at all property or fence corners and at intervals of not more than one-quarter mile along the property boundary, except that a post with one hundred square inches or more of orange paint may serve as the interval notice between property or fence corners and points of vehicular access. The orange paint shall be clearly visible and shall cover the entire aboveground surface of the post facing outward and on both lateral sides from the closed area.

D. The entry of any person for the taking of wildlife shall not be grounds for an action for criminal trespassing pursuant to section 13-1502 unless either:

1. Be not less than eight inches by eleven inches with plainly legible wording in capital and bold-faced lettering at least one inch high.
2. Contain the words “no hunting”, “no trapping”, “no fishing” either as a single phrase or in any combination.
3. Be conspicuously placed on a structure or post at least four feet above ground level at all points of vehicular access, at all property or fence corners and at intervals of not more than one-quarter mile along the property boundary, except that a post with one hundred square inches or more of orange paint may serve as the interval notice between property or fence corners and points of vehicular access. The orange paint shall be clearly visible and shall cover the entire aboveground surface of the post facing outward and on both lateral sides from the closed area.

Arizona Revised Statutes, Title 17 Laws (Game and Fish)

A.R.S. 17-309
Violations; classification

A. Unless otherwise prescribed by this title, it is unlawful for a person to:
1. Violate any provision of this title or any rule adopted pursuant to this title.
2. Take, possess, transport, buy, sell or offer or expose for sale wildlife except as expressly permitted by this title.
3. Destroy, injure or molest livestock, growing crops, personal property, notices or signboards, or other improvements while hunting, trapping or fishing.
4. Discharge a firearm while taking wildlife within one-fourth mile of an occupied farmhouse or other residence, cabin, lodge or building without permission of the owner or resident.
5. Take a game bird, game mammal, game fish and knowingly permit an edible portion thereof to go to waste, except as provided in section 17-302.
6. Take big game, except bear or mountain lion, with the aid of dogs.
7. Make more than one use of a shipping permit or coupon issued by the commission.

B. A person who violates subsection B of this section is guilty of a class 6 felony.

C. A person who knowingly takes any big game during a closed season or who knowingly possesses, transports or buys any big game that was unlawfully taken during a closed season is guilty of a class 1 misdemeanor.

D. A person is guilty of a class 6 felony who knowingly:
1. Barters, sells or offers for sale any big game or parts of big game taken unlawfully.
2. Barters, sells or offers for sale any wildlife or parts of wildlife unlawfully taken during a closed season.

E. A person who knowingly fails to enforce a lawful rule of the commission or this title is guilty of a class 2 misdemeanor.

A.R.S. 17-314
Civil liability for illegally taking or wounding wildlife; recovery of damages

A. The commission or any officer charged with enforcement of the laws relating to game and fish, if so directed by the commission, may bring a civil action in the name of the state against any person unlawfully taking, wounding or killing, or unlawfully in possession of, any of the following wildlife, or part thereof, and seek to recover the following minimum sums as damage:
1. For each turkey or javelina $500.00
2. For each bear, mountain lion, antelope or deer, other than trophy $1,500.00
3. For each elk or eagle, other than trophy or endangered species $2,500.00
4. For each predatory, fur-bearing or nongame animal $250.00
5. For each small game or aquatic wildlife animal $50.00
6. For each trophy or endangered species animal $8,000.00

B. No verdict or judgment recovered by the state in such action shall be for less than the sum fixed in this section. The maximum penalty that the commission may seek to recover as damages from a person pursuant to this section may be doubled for a second conviction and tripled for a third conviction. The action for damages may be joined with an action for possession, and recovery had for the possession as well as the damages.

C. The pendency or determination of an action for damages or payment of a judgment, or the pendency or determination of a criminal prosecution for the same taking, wounding, killing or possession, is not a bar to the other, nor does either affect the right of seizure under any other provision of the laws relating to game and fish.

D. All monies recovered pursuant to this section shall be placed in the wildlife theft prevention fund.

A.R.S. 17-331
License or proof of purchase required; violation of child support order

A. Except as provided by this title, rules prescribed as a matter of state law and rules prescribed by the commission or this title, a person shall not take any wildlife in this state without a valid license or a commission approved proof of purchase. The person shall carry the license or proof of purchase and produce it on request to any game ranger, wildlife manager or peace officer.

B. A certificate of noncompliance with a child support order issued pursuant to section 25-518 invalidates any license or proof of purchase issued to the support obligor for taking wildlife in this state and prohibits the support obligor from applying for any additional licenses issued by an automated drawing system under this title.
C. On receipt of a certificate of compliance with a child support order from the court pursuant to section 25-518 and without further action:
1. Any license or proof of purchase issued to the support obligor for taking wildlife that was previously invalidated by a certificate of non-compliance and that has not otherwise expired shall be reinstated.
2. Any ineligibility to apply for any license issued by an automated drawing system shall be removed.

A.R.S. 17-335
Blind resident; fishing license exemption
A blind resident may fish without a license and is entitled to the same privileges as the holder of a valid license.

A.R.S. 17-336
Complimentary and honorary youth licenses
A. The commission may issue a complimentary license to:
1. A pioneer who is seventy years of age or older and who has been a resident of this state for twenty-five or more consecutive years immediately preceding application for the license. The pioneer license is valid for the lifetime of the licensee, and the commission shall not require renewal of the license.
2. A veteran of the armed forces of the United States who has been a resident of this state for one year or more immediately preceding application for the license and who is receiving compensation from the United States government for permanent service connected disabilities rated as one hundred percent disabling.
B. The commission may issue a youth license for a reduced fee, as prescribed by the commission, to a resident of this state who is a member of the boy scouts of America who has attained the rank of eagle scout or a member of the girl scouts of the USA who has received the gold award.

A.R.S. 17-340
Revocation, suspension and denial of privilege of taking wildlife; notice; violation; classification
A. On conviction or after adjudication as a delinquent juvenile as defined in section 8-201 and in addition to other penalties prescribed by this title, the commission, after a public hearing, may revoke or suspend a license issued to any person under this title and deny the person the right to secure another license to take or possess wildlife for a period of not to exceed five years for:
1. Unlawful taking, unlawful selling, unlawful offering for sale, unlawful bartering or unlawful possession of wildlife.
2. Careless use of firearms that has resulted in the injury or death of any person.
3. Destroying, injuring or molesting livestock, or damaging or destroying growing crops, personal property, notices or signboards, or other improvements while hunting, trapping or fishing.
4. Littering public hunting or fishing areas while taking wildlife.
5. Knowingly allowing another person to use the person’s big game tag, except as provided by section 17-332, subsection D.
6. A violation of section 17-303, 17-304, 17-316 or 17-341 or section 17-362, subsection A.
7. A violation of section 17-309, subsection A, paragraph 5 involving a waste of edible portions other than meat damaged due to the method of taking as follows:
   (a) Upland game birds, migratory game birds and wild turkey; breast.
   (b) Deer, elk, pronghorn (antelope), bighorn sheep, bison (buffalo) and pheasants (javelina); hind quarters, front quarters and loins.
   (c) Game fish: fillets of the fish.
8. A violation of section 17-309, subsection A, paragraph 1 involving any unlawful use of aircraft to take, assist in taking, harass, chase, drive, locate or assist in locating wildlife.
B. On conviction or after adjudication as a delinquent juvenile and in addition to any other penalties prescribed by this title:
1. For a first conviction or a first adjudication as a delinquent juvenile, for unlawfully taking or wounding wildlife at any time or place, the commission, after a public hearing, may revoke, suspend or deny a person’s privilege to take wildlife for a period of up to five years.
2. For a second conviction or a second adjudication as a delinquent juvenile, for unlawfully taking or wounding wildlife at any time or place, the commission, after a public hearing, may revoke, suspend or deny a person’s privilege to take wildlife for a period of up to ten years.
3. For a third conviction or a third adjudication as a delinquent juvenile, for unlawfully taking or wounding wildlife at any time or place, the commission, after a public hearing, may revoke, suspend or deny a person’s privilege to take wildlife permanently.
C. A person who is assessed civil damages under section 17-314 shall not apply for or obtain a license during the pendency of an action for damages, while measures are pursued to collect damages or prior to the full payment of damages.
D. On receiving a report from the licensing authority of a state that is a party to the wildlife violator compact, adopted under chapter 5 of this title, that a resident of this state has failed to comply with the terms of a wildlife citation, the commission, after a public hearing, may suspend any license issued under this title to take wildlife until the licensing authority furnishes satisfactory evidence of compliance with the terms of the wildlife citation.
E. In carrying out this section the director shall notify the licensees, within one hundred eighty days after conviction, to appear and show cause why the license should not be revoked, suspended or denied. The notice may be served personally or by certified mail sent to the address appearing on the license.
F. The commission shall furnish to license dealers the names and addresses of persons whose licenses have been revoked or suspended, and the periods for which they have been deprived of the right to secure licenses.
G. The commission may use the services of the office of administrative hearings to conduct hearings and to make recommendations to the commission pursuant to this section.
H. Except for a person who takes or possesses wildlife while under permanent revocation, a person who takes wildlife in this state, or attempts to obtain a license to take wildlife, at a time when the person’s privilege to do so is suspended, revoked or denied under this section is guilty of a class 1 misdemeanor.

A.R.S. 17-341
Violation; classification
A. It is unlawful for a person to knowingly purchase, apply for, accept, obtain or use, by fraud or misrepresentation a license, permit, tag or stamp to take wildlife and a license or permit so obtained is void and of no effect from the date of issuance thereof.
B. Any person who violates this section is guilty of a class 2 misdemeanor.

A.R.S. 17-342
Colorado river special use permit
A. A person taking fish or amphibians for purposes other than for profit from or while on a boat or other floating device on all waters of the Colorado river south of the Nevada-Arizona boundary shall have in his possession a valid angling or fishing license issued by either the state of Arizona or the state of California. In addition to one of the above described licenses, such person shall have in his possession a valid California or Arizona-Colorado river special use permit, as provided by sections 17-343 and 17-344, which shall be obtained on payment of a fee to be fixed by the commission at not to exceed four dollars. Such a permit shall not be required to take fish or amphibians from canals, drains or ditches used to carry water from the Colorado river for irrigation or domestic purposes.
B. A person having in his possession a valid Arizona fishing license must have a California-Colorado river special use permit to legally fish the waters described in subsection A of this section. A person having in his possession a valid California angling license must have an Arizona-Colorado river special use permit to legally fish the waters described in subsection A of this section. Such special use permit when accompanied by the proper license will allow the holder to fish in any portion of such waters and permit him to enter the waters from any point.
C. Shore line fishing does not require a Colorado river special use permit as long as the fisherman remains on the shore of the state from which he holds a valid license and does not embark on the water.
A. In addition to the definitions provided under A.R.S. § 17-101, R12-4-301, R12-4-401, and R12-4-501, the following definitions apply to this Chapter, unless otherwise specified:

“Commission Order” means a document adopted by the Commission that does one or more of the following:

1. Open, close, or alter seasons,
2. Set bag or possession limits for wildlife,
3. Open areas for taking wildlife,
4. Set the number of permits available for limited hunts, or
5. Specify wildlife that may or may not be taken.

“Day-long” means the 24-hour period from midnight to midnight.

“Identification number” means the number assigned to each applicant or license holder by the Department.

“License dealer” means a business authorized to sell hunting, fishing, and other licenses as established under R12-4-111.

“Live baitfish” means any species of live freshwater fish designated by Commission Order as lawful for use in taking aquatic wildlife under R12-4-317.

“Management unit” means an area established by the Commission for management purposes.

“Stamp” means a form of authorization in addition to a license that allows the license holder to take wildlife specified by the stamp.

“Waterdog” means the larval or metamorphosing stage of salamanders.

“Wildlife area” means an area established under A.A.C. 4, Article 8.

B. The general fishing license is valid for one-year from:

1. The date of purchase when a person purchases the fishing license from a license dealer, as defined under R12-4-101; or
2. The selected start date when a person purchases the fishing license from a Department office or online. A person may select the start date for the fishing license provided the date selected is no more than 60 calendar days from and after the date of purchase.

C. A resident or nonresident may apply for a general fishing license by submitting an application to the Department, a License Dealer as defined under R12-4-101, or online at www.azgfd.gov. The application is furnished by the Department and is available at any Department office, license dealer, and online at www.azgfd.gov. A general fishing license applicant shall provide the following information on the application:

1. The applicant’s:
   a. Name;
   b. Date of birth,
   c. Physical description, to include the applicant’s eye color, hair color, height, and weight;
   d. Department identification number, when applicable;
   e. Residency status and number of years of residency immediately preceding application, when applicable;
   f. Mailing address, when applicable;
   g. Physical address;
   h. Telephone number, when available; and
   i. E-mail address, when available;
2. Affirmation that the information provided on the application is true and accurate; and
3. Applicant’s signature and date.

D. In addition to the requirements listed under subsection (C), an applicant who is applying for a general fishing license:

1. In person shall pay the applicable fee required under R12-4-102.
2. On-line shall electronically pay the fee required under R12-4-102 and print the new license. A person applying online shall affirm, or provide permission for another person to affirm, the information electronically provided is true and accurate.

E. In addition to the exemption prescribed under A.R.S. § 17-335, a person who is under 10 years of age may fish without a fishing license.
age may fish in Commission designated community waters without a fishing license.

R12-4-210
Combination Hunting and Fishing License; Exemption

A. A combination hunting and fishing license is valid for the taking of small game, fur-bearing animals, predatory animals, nongame animals, and upland game birds.

B. A combination hunting and fishing license is valid for the taking of all aquatic wildlife and allows the license holder to engage in simultaneous fishing as defined under R12-4-301. The combination hunting and fishing license is valid:

1. State-wide including Mittry Lake and Topock Marsh and the Arizona shoreline of Lake Mead, Lake Mohave and Lake Havasu, and Commission designated community waters. The list of Commission designated community waters is available at any license dealer, Department office, and online at www.azgfd.gov.
2. On that portion of the Colorado River that forms the common boundary between Arizona and Nevada and Arizona and California and connected adjacent water, provided Arizona has an agreement with California and Nevada that recognizes a combination hunting and fishing license as valid for taking aquatic wildlife on any portion of the Colorado River that forms the common boundary between Arizona and Nevada and Arizona and California.

C. The Department offers three combination hunting and fishing licenses:

1. A short-term combination hunting and fishing license, valid for one 24-hour period from midnight to midnight.
   a. The short-term combination hunting and fishing license is not valid for the take of big game animals.
   b. The short-term combination hunting and fishing license is valid for the take of migratory game birds and waterfowl, provided the person possesses the applicable State Migratory Bird stamp and Federal Waterfowl stamp.
   c. The Department does not limit the number of short-term combination hunting and fishing licenses a resident or nonresident may purchase.
2. A combination hunting and fishing license for a person age 18 and over.
   a. The combination hunting and fishing license is valid for one-year from:
      i. The date of purchase when a person purchases the combination hunting and fishing license from a license dealer, as defined under R12-4-101;
      ii. On the last day of the application deadline for that draw, as established by the hunt permit-tag application schedule published by the Department;
      iii. On the last day of an extended deadline date, as authorized under subsection R12-4-104(C). If an applicant does not possess a combination hunting and fishing license that meets the requirements of this subsection, the applicant shall purchase the license at the time of application; or
      iv. The selected start date when a person purchases the combination hunting and fishing license from a Department office or online. A person may select the start date for the combination hunting and fishing license provided the date selected is no more than 60 calendar days from and after the date of purchase.
   b. A valid hunt permit-tag, nonpermit-tag, or stamp is required to validate the combination hunting and fishing license for the take of big game animals, migratory game birds, or other wildlife authorized by an applicable tag or stamp.
3. A youth combination hunting and fishing license for a person through age 17.
   a. The combination hunting and fishing license is valid for one-year from:
      i. The date of purchase when a person purchases the combination hunting and fishing license from a license dealer, as defined under R12-4-101;
      ii. On the last day of the application deadline for that draw, as established by the hunt permit-tag application schedule published by the Department;
      iii. On the last day of an extended deadline date, as authorized under subsection R12-4-104(C). If an applicant does not possess a combination hunting and fishing license that meets the requirements of this subsection, the applicant shall purchase the license at the time of application; or
      iv. The selected start date when a person purchases the combination hunting and fishing license from a Department office or online. A person may select the start date for the combination hunting and fishing license provided the date selected is no more than 60 calendar days from and after the date of purchase.
   b. A valid hunt permit-tag, nonpermit-tag, or stamp is required to validate the combination hunting and fishing license for the take of big game animals, migratory game birds, or other wildlife authorized by an applicable tag or stamp.

D. A resident or nonresident may apply for a combination hunting and fishing license, valid for one-year from:
   a. The date of purchase when a person purchases the combination hunting and fishing license from a license dealer, as defined under R12-4-101;
   b. Online shall electronically pay the fee required for the application and purchase:
      i. E-mail address, when available; and
      ii. Physical address, as authorized under subsection (C), an applicant who is applying for a combination hunting and fishing license:
      1. In person shall pay the applicable fee required under R12-4-102.
      2. Online shall electronically pay the fee required under R12-4-102 and print the new license. A person applying online shall affirm, or provide permission for another person to affirm, the information electronically provided is true and accurate.
      3. Exemptions authorized under R12-4-206(E), R12-4-207(E), and R12-4-209(E) also apply to this Section, as applicable.

E. In addition to the requirements listed under subsection (C), an applicant who is applying for a combination hunting and fishing license:
   1. Two consecutive days,
   2. The take of all aquatic wildlife, and
   3. All privileges established under R12-4-207(E).

F. Exemptions authorized under R12-4-206(E), R12-4-207(E), and R12-4-209(E) also apply to this Section, as applicable.

R12-4-215
Youth Group Two-day Fishing License

A. A youth group two-day fishing license authorizes a nonprofit organization or governmental entity as defined under subsection (C), which sponsors adult supervised activities for youth, to take up to 25 youths fishing. The youth group two-day fishing license is only available from a Department office. The youth group two-day fishing license is valid for:
   1. Two consecutive days,
   2. The take of all aquatic wildlife, and
   3. All privileges established under R12-4-207(A).

B. A nonprofit organization or governmental entity may apply for a youth group two-day fishing license at any Department office. An applicant for a youth group two-day fishing license shall be a resident. The applicant shall pay the fee required under R12-4-102 and provide the following information at the time of application:
   1. The nonprofit organization’s or governmental entity’s:
      a. Name;
      b. Date of birth;
      c. Physical description, to include the applicant’s eye color, hair color, height, and weight;
      d. Department identification number, when applicable;
      e. Residency status and number of years of residency immediately preceding application, when applicable;
      f. Mailing address, when applicable;
      g. Physical address;
      h. Telephone number, when available; and
      i. E-mail address, when available; and
   2. Affirmation that the information provided on the application is true and accurate; and
   3. Applicant’s signature and date.

F. Exemptions authorized under R12-4-206, R12-4-207, and R12-4-209 also apply to this Section, as applicable.
d. Department identification number, when applicable;

e. Mailing address, when applicable;

f. Physical address;

g. Telephone number, when available; and

h. E-mail address, when available;

3. The dates on which the nonprofit organization intends to conduct the youth group fishing activity.

4. The approximate number of youth participating in the group fishing activity.

C. For the purpose of this Section, "governmental entity" means any town, city, county, municipality, or other political subdivision of this state or any department, agency, board, commission, authority, division, office, public school, public charter school, public corporation, or other public entity of this state or any department agency bureau, or office of the federal government that is physically located within this state.

**R12-4-301 Definitions**

In addition to the definitions provided under A.R.S. § 17-101, the following definitions apply to this Article unless otherwise specified:

"Administrator" means to pursue, capture, or otherwise restrain wildlife in order to directly apply a drug to wildlife by injection, inhalation, ingestion or any other means.

"Artificial lures and flies" means man-made devices intended as visual attractants for fish and does not include living or dead organisms or edible parts of those organisms, natural or prepared food stuffs, artificial salmon eggs, artificial corn, or artificial marshmallows.

"Barbless hook" means any fishhook manufactured without barbs or on which the barbs have been completely closed or removed.

"Crayfish net" means a net that does not exceed 36 inches on a side or in diameter and is retrieved by means of a hand-held line.

"Dip net" means any net, excluding the handle, that is no greater than 3 feet in the greatest dimension, that is hand-held, non-motorized, and the motion of the net is caused by the physical effort of the individual.

"Drug" means any chemical substance, other than food or mineral supplements, which affects the structure or biological function of wildlife.

"Evidence of legality" means the wildlife is accompanied by the applicable license, tag, stamp, or permit required by law and is identifiable as the "legal wildlife" prescribed by Commission Order, which may include evidence of species, gender, antler or horn growth, maturity and size.

"Minnow trap" means a trap with dimensions that do not exceed 12 inches in depth, 12 inches in width and 24 inches in length.

"Nonprofit organization" means an organization that is recognized as nonprofit under Section 501(c) of the U.S. Internal Revenue Code.

"Person" means any individual, corporation, partnership, limited liability company, non-governmental organization or club, licensed animal shelter, government entity other than the Department, and any officer, employee, volunteer, member, or agent of a person.

"Simultaneous fishing" means taking fish by using two lines and not more than two hooks or two artificial lures or flies per line.

**R12-4-310 Possessing, Transporting, Importing, Exporting, and Selling Carcasses or Parts of Wildlife**

A. An individual shall ensure that evidence of legality remains with the carcass or parts of a carcass of any wild mammal, bird, or reptile that the individual possesses, transports, or imports until arrival at the individual's permanent abode, a commercial processing plant, or the place where the wildlife is to be consumed.

B. An individual who has lawfully taken wildlife that requires a valid tag when prescribed by the Commission may authorize its transportation or shipment by completing and signing the Transportation and Shipping Permit portion of the valid tag for that animal. A separate Transportation and Shipping Permit issued by the Department is necessary to transport or ship to another state or country any big game taken with a resident license. Under A.R.S. § 17-372(B), an individual may ship other lawfully taken wildlife by common carrier after obtaining a valid Transportation and Shipping Permit issued by the Department. The individual shall provide the following information on the permit form:

1. Number and description of the wildlife to be transported or shipped;

2. Name, address, license number, and license class of the individual who took the wildlife;

3. Tag number;

4. Name and address of the individual receiving a portion of the carcass of the wildlife as authorized under subsection (D), if applicable;

5. Address of destination where the wildlife is to be transported or shipped; and

6. Name and address of transporter or shipper.

M. Except for cervids, which are subject to requirements established under subsections (I), (J), and (K), an individual may import into this state the carcasses or parts of wildlife, including aquatic wildlife, lawfully taken in another state or country if transported and exported in accordance with the laws of the state or country of origin.

N. An individual in possession of or transporting the carcass of any freshwater fish taken within this state shall ensure that the head, tail, or skin is attached so that the species can be identified, numbers counted, and any required length determined.

O. An individual shall not transport live crayfish from the site where taken, except as permitted under R12-4-316.

P. An individual in possession of a carp (Cyprinus carpio), buffalofish (Ictiobus spp.), or crayfish (families Astacidae, Cambaridae, and Parastacidae) carcass taken under Commission Order may sell the carcass.

**R12-4-310 Fishing Permits**

A. The Department may issue a fishing permit to state, county, or municipal agencies or departments and to nonprofit organizations licensed by or contracted with the Department of Economic Security or Department of Health Services, whose primary purpose is to provide physical or mental rehabilitation or training for individuals with physical, developmental, or mental disabilities.

B. The permit:

1. Is valid for the two days specified on the permit;

2. Authorizes up to 20 individuals with physical, developmental, or mental disabilities to fish without a fishing license upon any public waters except that fishing in the waters of the Colorado River is restricted to fishing from the Arizona shoreline only, unless the persons fishing under the authority of the permit also possess a valid Colorado River stamp from the adjacent state; and

3. Does not exempt individuals fishing under the authority of the permit from compliance with other statutes, Commission Orders, and rules not contained in this Section.

C. An applicant for a fishing permit shall submit a properly completed application to the Department. The application is furnished by the Department and is available from any Department office and online at www.azgfd.gov.

1. The applicant shall provide all of the following information:

   a. The name, address, and telephone number of the agency, department, or nonprofit organization requesting the permit;

   b. The name, position title, and telephone number of the individual responsible for supervising the individuals fishing under the authority of the permit;

   c. The total number of individuals who will be fishing under the authority of the permit;

   d. The dates of the two days for which the permit will be valid; and

   e. The location for which the permit will be valid.

2. In addition to the information required under subsection (C)(1), nonprofit organizations shall also submit documentation that they are licensed by or have a contract with the Department of Economic Security or the Department of Health Services for the purpose of providing rehabilitation or treatment services to individuals or groups with physical, developmental, or mental disabilities.

D. The Department shall issue or deny the fishing permit to an applicant within 30 calendar days of
receiving an application.

E. The fishing permit holder shall provide instruction on fish identification, fishing ethics, safety, and techniques to the individuals who will be fishing under authority of the permit. The Department shall provide the lesson plan for this instruction to the permit holder.

F. Each individual fishing without a license under the authority of the fishing permit may take only one-half the regular bag limit established by Commission Order for any species, unless the regular bag limit is one, in which case the permit authorizes the regular limit.

G. The permit holder shall submit a report to the Department not later than 30 days after the end of the authorized fishing dates. The report form is furnished by the Department and is available at any Department office. The permit holder shall report all of the following information on the form:
1. The fishing permit number and the information contained in the permit;
2. The total number of individuals who fished and total hours fished;
3. The total number of fish caught, kept, and released, by species.

H. The Department may deny future fishing permits to a permit holder who failed to submit the report until the permit holder complies with reporting requirements.

**R12-4-311 Exemptions from Requirement to Possess an Arizona Fishing License or Hunting License While Taking Wildlife**

In addition to the exemptions prescribed under A.R.S. §17-335, R12-4-206(E), R12-4-207(E), and R12-4-209(E) and provided the person’s fishing and hunting license privileges are not currently revoked by the Commission:

1. A fishing license is not required when a person is:
   a. Fishing from artificial ponds, tanks, and lakes contained entirely on private lands that are not:
      i. Open to the public, and
      ii. Managed by the Department.
   b. Taking terrestrial mollusks or crustaceans from private property.
   c. Fishing in Arizona on any designated Saturday occurring during National Fishing and Boating Week, except in waters of the Colorado River forming the common boundaries between Arizona and California, Nevada, or Utah where fishing without a license is limited to the shoreline, unless the state with concurrent jurisdiction removes licensing requirements on the same day.
   d. Participating in an introductory fishing education program sanctioned by the Department, during scheduled program hours, only. A sanctioned program shall have a Department employee, sport fishing contractor, or authorized volunteer instructor present during scheduled program hours. For the purposes of this subsection, “authorized volunteer instructor” means a person who has successfully passed the Department’s required background check and sportfishing education workshop.

(sections not cited in entirety)

**R12-4-313 Lawful Methods of Taking Aquatic Wildlife**

A. An individual may take aquatic wildlife as defined under A.R.S. § 17-101, subject to the restrictions prescribed under R12-4-303, R12-4-317, and this Section. Aquatic wildlife may be taken during the day or night and may be taken using artificial light as prescribed under A.R.S. §17-301.

B. The Commission may, through Commission Order, prescribe legal sizes for possession of aquatic wildlife.

C. An individual may take aquatic wildlife by angling or simultaneous fishing as defined under R12-4-301 with any bait, artificial lure, or fly subject to the following restrictions, an individual:
1. Shall not possess aquatic wildlife other than aquatic wildlife prescribed by Commission Order;
2. Shall not use the flesh of gamefish as bait, except sunfish of the genus Lepomis;
3. May use live baitfish, as defined under R12-4-101, only in areas designated by Commission Order; and
4. Shall not use waterdogs as live bait in that portion of Santa Cruz County lying east and south of State Highway 82 or that portion of Cochise County lying west of the San Pedro River and south of State Highway 82.

D. In addition to angling, an individual may also take the following aquatic wildlife using the following methods, subject to the restrictions established under R12-4-303, R12-4-317, and this Section:
1. Carp (Cyprinus carpio), buffaloish, mullet, tilapia, goldfish, and shad may be taken by:
   a. Bow and arrow,
   b. Crossbow,
   c. Snare,
   d. Gig,
   e. Spear or spear gun, or
   f. Snagging,
2.除for snagging, an individual shall not use any of the methods of take listed under subsection (D)(1) within 200 yards of any boat dock or designated swimming area.
3. Striped bass may be taken by spear or spear gun in waters designated by Commission Order.
4. Live baitfish may be taken for personal use as bait by:
   a. A cast net not to exceed a radius of 4 feet measured from the horn to the leadline;
   b. A minnow trap, as defined under R12-4-301;
   c. A seine net not to exceed 10 feet in length and 4 feet in width; or
   d. A dip net.

5. Catfish may be taken by bow and arrow or crossbow in waters designated by Commission Order.

6. Amphibians, soft-shelled turtles, mollusks, and crustaceans may be taken by minnow trap, crayfish net, hand, or with any hand-held, non-motorized implement that does not discharge a projectile, unless otherwise permitted under this Section.

7. In addition to the methods described under subsection (D)(5), crayfish may be taken with the following devices:
   a. A trap not more than 3 feet in the greatest dimension,
   b. A dip net as defined under R12-4-301, or
   c. A seine net not larger than 10 feet in length and 4 feet in width.

E. An individual who uses a crayfish net and minnow trap shall:
1. Attach a water-resistant identification tag to the trap when it is unattended. The tag shall include the individual’s:
   a. Name,
   b. Address, and
   c. Fishing license number.
2. Raise and empty the trap daily.

**R12-4-315 Possession of Live Fish; Unattended Live Boxes and Stringers**

A. An individual may possess fish taken alive as provided under R12-4-313 on the waters where taken, except when the take or possession is expressly prohibited under R12-4-313 or R12-4-317, but the individual shall not transport the fish alive from the waters where taken except as authorized under R12-4-316.

B. An individual shall attach water resistant identification to any unattended live boxes or stringers holding fish and ensure the identification bears the individual’s:
1. Name,
2. Address, and
3. Fishing license number.

**R12-4-316 Possession, Transportation, or Importation of Live Baitfish, Crayfish, or Waterdogs**

A. An individual may possess live baitfish, crayfish, or waterdogs for use as live bait only as established under R12-4-317 and this Section.

B. An individual may possess or transport the following live baitfish for personal use as live bait as established under R12-4-317:
1. Fathead minnow (Pimephales promelas),
2. Mosquitofish (Gambusia affinis),
3. Threadfin shad (Dorosoma petenense),
4. Golden shiners (Notemigonus crysoleucas),
5. Goldfish (Carassius auratus).

C. An individual who possesses a valid Arizona fishing license may:
1. Import, transport, move between waters, or possess live red shiner (Cyprinella lutrensis) from California or Nevada without accompanying documentation certifying that the fish are free of Furunculosis.
2. Import live baitfish listed under subsection (B) from California or Nevada without accompanying documentation certifying the fish are free of disease.
3. Import live baitfish listed under subsection (B) from any other state with accompanying documentation certifying that the fish are free of Furunculosis.

D. An individual may:
1. Trap or capture live crayfish as provided under R12-4-313.
2. Use live crayfish as bait only in the body of water where trapped or captured, not in an adjacent body of water, except for the portion of La Paz County west of Highway 95 and south of Interstate 10, Yuma County, and on the Colorado River from the Palo Verde Diversion Dam downstream to the southern international boundary with Mexico.
3. Transport crayfish alive from the site where trapped or captured, not in an adjacent body of water, except for the portion of La Paz County west of Highway 95 and south of Interstate 10, Yuma County, and on the Colorado River from the Palo Verde Diversion Dam downstream to the southern international boundary with Mexico.
4. Transport live wildlife from the wild under R12-4-313.
5. Sell, stock, and trade.
6. Transport; or
7. Use for any commercial purpose.

R12-4-404 Possession of Live Wildlife Taken Under an Arizona Hunting or Fishing License
A. A person may take live wildlife from the wild under a valid Arizona hunting or fishing license if that wildlife and the individual possesses the appropriate hunting or fishing license and special license, when applicable.
B. Except for live baitfish which may only be possessed and transported as established under R12-4-316, a person may conduct any of the following activities with wildlife taken under an Arizona hunting or fishing license provided the activity is for a noncommercial purpose:
1. Export, kill, and transport.
2. Lease, bartered, purchased, or sold.
3. Offered for sale, propagated, and transported.
4. Used for any commercial purpose.

R12-4-402 Live Wildlife: Unlawful Acts
A. A person shall not perform any of the following activities with live wildlife unless authorized by a federal license or permit, this Chapter, or A.R.S. Title 3, Chapter 16:
1. Import any live wildlife into the state;
2. Export any live wildlife from the state;
3. Conduct any of the following activities with live wildlife within the state:
   a. Display,
   b. Exhibit,
   c. Give away,
   d. Lease,
   e. Offer for sale,
   f. Possess,
   g. Propagate,
   h. Purchase,
   i. Release,
   j. Rent.

B. An individual shall not:
1. Import, transport, move between waters, or possess live waterdogs for personal use as bait, except in the portion of Santa Cruz County lying east and south of State Highway 82 or the portion of Cochise County lying west of the San Pedro River and south of State Highway 82.
2. Import live baitfish listed under subsection (B) from California or Nevada without accompanying documentation certifying the fish are free of disease.
3. Import live baitfish listed under subsection (B) from any other state with accompanying documentation certifying that the fish are free of Furunculosis.

C. A "special" season may be designated by Commission Order to allow fish to be taken by hand or by any hand-held, non-motorized implement that does not discharge a projectile. The "special" season may apply to any waters where a fish die-off is imminent due either to poor or low water conditions, Department fish renovation activities, or as designated by Commission Order.

D. An "immediate kill" season shall immediately release the designated species.
E. An "immediate kill" season shall immediately release the designated species.
F. A "spear or spear gun" season shall use this method only at times and locations designated by Commission Order.
G. A "snagging" season shall use this method at times and locations designated by Commission Order.
H. A "catch and immediate release" season shall immediately release the designated species.
I. An "artificial lures and flies only" season shall use only artificial lures and flies as defined under R12-4-301. The Commission may further restrict "artificial lures and flies only" season to the use of barbless or single barbless hooks as defined under R12-4-301.
J. A "live baitfish" season shall not possess or use any species of fish as live bait at, in, or upon any waters unless that species is specified as a live baitfish for those waters by Commission Order. Live baitfish shall not be transported from the waters where taken except as authorized under R12-4-316.
K. An "immediate kill or release" season shall kill and retain the designated species as part of the bag limit or immediately release the wildlife. Further fishing is prohibited after the legal bag limit is killed.
L. A "catch and immediate release" season shall immediately release the designated species.
M. An "artificial lures and flies only" season to the use of barbless or single barbless hooks as defined under R12-4-301.
N. A "live baitfish" season shall not possess or use any species of fish as live bait at, in, or upon any waters unless that species is specified as a live baitfish for those waters by Commission Order. Live baitfish shall not be transported from the waters where taken except as authorized under R12-4-316.
O. An "immediate kill or release" season shall kill and retain the designated species as part of the bag limit or immediately release the wildlife. Further fishing is prohibited after the legal bag limit is killed.

R12-4-317 Seasons for Lawfully Taking Fish, Mollusks, Crustaceans, Amphibians, and Aquatic Reptiles
A. Methods of lawfully taking aquatic wildlife during seasons designated by Commission Order as "general" seasons are designated under R12-4-313.
B. Other seasons designated by Commission Order have specific requirements and lawful methods of taking aquatic wildlife under R12-4-313 an individual participating in:
1. An "artificial lures and flies only" season shall use only artificial lures and flies as defined under R12-4-301. The Commission may further restrict "artificial lures and flies only" season to the use of barbless or single barbless hooks as defined under R12-4-301.
2. A "live baitfish" season shall not possess or use any species of fish as live bait at, in, or upon any waters unless that species is specified as a live baitfish for those waters by Commission Order. Live baitfish shall not be transported from the waters where taken except as authorized under R12-4-316.
3. An "immediate kill or release" season shall kill and retain the designated species as part of the bag limit or immediately release the wildlife. Further fishing is prohibited after the legal bag limit is killed.
4. A "catch and immediate release" season shall immediately release the designated species.
5. An "immediate kill" season shall immediately kill and retain the designated species as part of the bag limit.
6. A "snagging" season shall use this method only at times and locations designated by Commission Order.
7. A "spear or spear gun" season shall use this method only at times and locations designated by Commission Order.

C. A "special" season may be designated by Commission Order to allow fish to be taken by hand or by any hand-held, non-motorized implement that does not discharge a projectile. The "special" season may apply to any waters where a fish die-off is imminent due either to poor or low water conditions, Department fish renovation activities, or as designated by Commission Order.

D. An "immediate kill" season shall immediately release the designated species.
E. An "immediate kill" season shall immediately release the designated species.
F. A "spear or spear gun" season shall use this method only at times and locations designated by Commission Order.
G. A "snagging" season shall use this method at times and locations designated by Commission Order.
H. A "catch and immediate release" season shall immediately release the designated species.
I. An "artificial lures and flies only" season to the use of barbless or single barbless hooks as defined under R12-4-301.
J. A "live baitfish" season shall not possess or use any species of fish as live bait at, in, or upon any waters unless that species is specified as a live baitfish for those waters by Commission Order. Live baitfish shall not be transported from the waters where taken except as authorized under R12-4-316.
K. An "immediate kill or release" season shall kill and retain the designated species as part of the bag limit or immediately release the wildlife. Further fishing is prohibited after the legal bag limit is killed.
L. A "catch and immediate release" season shall immediately release the designated species.
M. An "artificial lures and flies only" season to the use of barbless or single barbless hooks as defined under R12-4-301.
N. A "live baitfish" season shall not possess or use any species of fish as live bait at, in, or upon any waters unless that species is specified as a live baitfish for those waters by Commission Order. Live baitfish shall not be transported from the waters where taken except as authorized under R12-4-316.
O. An "immediate kill or release" season shall kill and retain the designated species as part of the bag limit or immediately release the wildlife. Further fishing is prohibited after the legal bag limit is killed.

R12-4-313 Live Wildlife: Unlawful Acts
A. A person shall not perform any of the following activities with live wildlife unless authorized by a federal license or permit, this Chapter, or A.R.S. Title 3, Chapter 16:
1. Import any live wildlife into the state;
2. Export any live wildlife from the state;
3. Conduct any of the following activities with live wildlife within the state:
   a. Display,
   b. Exhibit,
   c. Give away,
   d. Lease,
   e. Offer for sale,
   f. Possess,
   g. Propagate,
   h. Purchase,
   i. Release,
   j. Rent.

B. The Department may seize, quarantine, hold, or euthanize any lawfully possessed wildlife held in a manner that poses an actual or potential threat to the wildlife, other wildlife, or the safety, health, or welfare of the public. The Department shall make reasonable efforts to find suitable placement for any animal prior to euthanizing it.
C. A person who does not lawfully possess wildlife in accordance with this Article shall be responsible for all costs associated with the care and keeping of the wildlife.

Title 3, Chapter 16:
Possession of Live Wildlife Taken Under an Arizona Hunting or Fishing License
A. A person may take live wildlife from the wild under a valid Arizona hunting or fishing license if that wildlife and the individual possesses the appropriate hunting or fishing license and special license, when applicable.
B. Except for live baitfish which may only be possessed and transported as established under R12-4-316, a person may conduct any of the following activities with wildlife taken under an Arizona hunting or fishing license provided the activity is for a noncommercial purpose:
1. Export, kill, and transport.
2. Lease, bartered, purchased, or sold.
3. Offered for sale, propagated, and transported.
4. Used for any commercial purpose.

Arizona Revised Statutes and Commission Rules
2017 & 2018 Arizona Fishing Regulations
F. A person may temporarily hold and release live wildlife possessed under this Section into the wild, provided the person did not remove the wildlife from the immediate area where it was taken.

G. A person shall not exceed the possession limit of live wildlife established by Commission Order for that species.

1. Offspring of wildlife possessed under this Section shall count towards the established possession limit.

2. A person may possess offspring of amphibia or reptiles in excess of the possession limit for no more than 12 months from the date of birth or hatching.

3. On or before the day the offspring reach 12 months of age, the person possessing them shall dispose of them as prescribed under subsection (C).

4. A person is prohibited from releasing offspring of propagated wildlife into the wild.

H. A person may use reptiles and amphibians taken under a valid Arizona hunting license for the purpose of providing aversion or avoidance training under a valid Arizona hunting license for the purposes of determining compliance with A.R.S. § 1-215.

I. A person may sell photographs of wildlife taken under a valid hunting or fishing license.

J. A person who possesses live wildlife or offspring of wildlife taken under this Section shall comply with the requirements prescribed under R12-4-425 if the wildlife becomes listed as restricted wildlife under R12-4-406.

R12-4-1101
Aquatic Invasive Species: Definitions

In addition to the definitions provided under A.R.S. §§ 5-301 and 17-255, the following definitions apply to this Article, unless otherwise specified:

"Aquatic invasive species" means those species listed in Director's Order 1.

"Certified agent" means a person who meets Department standards to conduct inspections authorized under A.R.S. § 17-255.01(C)(1).

"Conveyance" means a device designed to carry or transport water. Conveyance includes, but is not limited to, dip buckets, water hauling tanks, and water bladders.

"Equipment" means an item used either in or on water; or to carry water. Equipment includes, but is not limited to, trailers used to launch or retrieve watercraft, rafts, inner tubes, kick boards, anchors and anchor lines, docks, dock cables and floats, buoys, beacons, wading boots, fishing tackle, bait buckets, skin diving and scuba diving equipment, submersibles, pumps, sea planes, and heavy construction equipment used in aquatic environments.

"Operator" means a person who operates or is in actual physical control of a watercraft, vehicle, conveyance, or equipment.

"Owner" means a person who claims lawful possession of a watercraft, vehicle, conveyance, or equipment.

"Person" has the same meaning as defined under A.R.S. § 1-215.

"Release" means to place, plant, or cause to be placed or planted in waters.

"Transporter" means a person responsible for the overland movement of a watercraft, vehicle, conveyance, or equipment.

"Waters" means surface water of all sources, whether perennial or intermittent, in streams, canyons, ravines, drainage systems, canals, springs, lakes, marshes, reservoirs, ponds, and other bodies or accumulations of natural, artificial, public or private waters situated wholly or partly in or bordering this State.

R12-4-1102
Aquatic Invasive Species; Prohibitions; Inspection, Decontamination Protocols

A. A person shall not, unless authorized under Article 4:

1. Possess, import, ship, or transport into or within this State an aquatic invasive species, unless authorized by the Director.

2. Sell, purchase, barter, or exchange in this State an aquatic invasive species.

3. Release an aquatic invasive species into waters or into any water treatment facility, water supply or water transportation facility, device or mechanism in this State.

B. Upon removing a watercraft, vehicle, conveyance, or equipment from any waters listed in Director's Order 2 and before leaving that location, a person shall:

1. Remove all clinging materials such as plants, animals, and mud.

2. Remove any plug or other barrier that prevents water drainage or, where none exists, take reasonable measures to drain or dry all compartments or spaces that hold water. Reasonable measures include, but are not limited to, emptying bilges, application of absorbents, or ventilation.

C. Before transporting a watercraft, vehicle, conveyance, or equipment to any waters located within or bordering this State from waters or locations where aquatic invasive species are suspected or known to be present, as listed in Director's Order 2, a person shall comply with the mandatory protocols identified in Director's Order 3 for decontamination of watercraft, vehicles, conveyances, and equipment.

D. Department employees, certified agents, and Arizona peace officers authorized under A.R.S. § 17-104 may inspect a watercraft, vehicle, conveyance, or equipment for the purposes of determining compliance with A.R.S. § 17-104 may inspect a watercraft, vehicle, conveyance, or equipment for the purposes of determining compliance with A.R.S. § Title 17, Chapter 2, Article 3.1 and this Section.

E. If the presence of an aquatic invasive species is documented or suspected on or in a watercraft, vehicle, conveyance, or equipment, a Department employee or any Arizona peace officer may order the person to decontaminate or cause to be decontaminated such watercraft, vehicles, conveyances, and equipment using the mandatory protocols described in Director's Order 3.

F. The following Director's orders are available at any Department office and online at azgfd.gov:

1. Director's Order 1 - Listing of Aquatic Invasive Species for Arizona.

2. Director's Order 2 - Designation of Waters or Locations Where Listed Aquatic Invasive Species Are Present, and

3. Director's Order 3 - Mandatory Conditions on the Movement of Watercraft, Vehicles, Conveyances, or Other Equipment from Listed Waters Where Aquatic Invasive Species Are Present.

G. This Section does not apply to owners and operators exempt under A.R.S. § 17-255.04.
Listing of Arizona’s aquatic invasive species:
(A.R.S. 17-255 – Director’s Order 1)

- quagga mussel
- zebra mussel
- rusty crayfish
- redclaw crayfish
- New Zealand mudsnail
- didymo, a.k.a rock snot
- giant salvinia
- Asian carp (silver, big head, black)
- apple snail
- snakehead
- largemouth bass virus (LMBV)
- whirling disease (WD)

This list was effective May 1, 2016.

Arizona’s list of aquatic invasive species affected waters:
(A.R.S. 17-255 – Director’s Order 2)

- Lake Powell (quagga mussel)
- Lake Mead (quagga mussel, New Zealand mudsnail)
- Lake Mohave (quagga mussel, New Zealand mudsnail)
- Lake Havasu (quagga mussel, didymo)
- Lower Colorado River below Lake Havasu to Mexico (quagga mussel, giant salvinia, apple snail)
- Lake Pleasant (quagga mussel, LMBV)
- Lees Ferry (quagga mussel, New Zealand mudsnail, WD)
- Lower Salt/Verde River (quagga mussel, apple snail)
- Apache Lake (quagga mussel)
- Canyon Lake (quagga mussel)
- Saguaro Lake (quagga mussel, LMBV)
- Bartlett Lake (LMBV)
- Roosevelt Lake (LMBV)
- Red Mountain Park Lake (apple snail)

This list was effective May 1, 2016.
DID YOU KNOW?

Your Arizona Game and Fish Department does not receive state tax dollars.

A major funding source for wildlife management starts with YOU through this cycle of success.

The result? Better hunting, fishing, boating and wildlife-oriented recreation.

Hunters,shooters, anglers and boaters purchase equipment and motor boat fuel.

Manufacturers pay excise tax on that equipment.

Arizona Game and Fish uses these funds, combined with other matching fund sources, to restore, protect and enhance wildlife, fish, habitat, shooting ranges and hunter education programs.

U.S. Fish and Wildlife Service allocates excise-tax funds to state fish and wildlife agencies.

Grants to states.
